

Another year has come and gone and that means Silent Whispers is almost 2 years old, time flies. So, we thought we would bring you up to speed on what has occurred throughout the past year.

New Showers

By now most of our regular clients would have seen the new showers in rooms 1 & 2. This caused chaos for a few weeks but I think we can all agree, it was well worth it. Late 2020 is when we aim for the next major upgrade so keep an eye out for that.

Mobility Access

Recently we had a client that was wheelchair bound and on their first visit, we realized that access was less than satisfactory. Since then, we have installed access ramps and on the second visit, they were most impressed with a small business like ours, had made the effort to address this issue. That person has joined our loyalty programme and is well on the way in saving \$50.

Reception

Upgrades to the reception this year included new carpet and modern reception chairs. The original chairs were obtained when we opened and were just to get us by. They are now earmarked for another similar place to open down south.

Couples Massage

We have been pushing the idea of couple's massages for a while and now we are able to provide same room couples massage with Penny and Andy who work well together and by the feedback, do a fantastic job. We also welcome couples massage in separate rooms as everyone is different. If you have ever thought about it, give it a go and check out our January Special for couples with a possible savings of \$70.

Minor Building works

In winter we found water pooling in front of our driveway; new drainage has been put in to rectify this as well as installing shade for our girls in summer, can't have them getting sunburnt.

Silent Whispers would like to thank everyone that has dropped in to visit us and hope you will continue to enjoy what we have to offer. We are always looking for ways to improve our services so next time you're in, let us know what you think?

Anna
