Vembu Cloud Services

Vembu makes the data protection easier with its Cloud Services, offering cost-effective cloud backup solution to small and medium-sized businesses. Without the overhead of setting up a local backup server, businesses can backup of their data directly to Vembu Cloud. Thus, from anywhere, a sign-in and a download will get your business back on track during disasters with minimal downtime.

Customer Quotes

" Vembu ensures availability of our core productions systems that support Mackie's business operations. 24×7 availability of business applications and its data is critical for us, and Vembu delivers on these requirements. Vembu has become an integral component of our IT and business continuity strategy."

-Lee Wong, Manager of Information Technology at The Mackie Group
