About Us

Our names are Jess and Kirsty and we are the co-founders of Be Enchanted Parties and Events.

We met whilst working for a children's entertainment company back in 2015. We instantly bonded over our love of Disney and all things magical, and have been friends ever since. When we're not running events together we'll be looking for magic elsewhere! We often go to musicals, movies and concerts together. As well as regular coffee outings and yearly trips to Disney! You could say we are each other's princess 'soul sister'.

We started Be Enchanted Parties and Events as we love performing, and both of us come from a background working with children. Collectively, we have over 15 years of experience running children's events and we have a real passion and enjoyment in what we do. We love nothing more than bringing fun, magic and joy to children. Along with creating magical moments and lasting memories through our parties and events.
