Information from Residential

A NEW ROLE FOR BRIANA

Congratulations to Briana Tavarez, who has transitioned to Residential as Office Assistant! Briana will help support the department's daily administrative needs and ongoing operations. We are excited to welcome her to the Residential team.

WELCOME, JONATHAN!

Beyond Excellence proudly welcomes Jonathan Kigongo as our newest Sponsored Provider. We appreciate his commitment to supporting individuals in a safe, person-centered home environment and look forward to having him in our provider community.

HEALTH RECORDS REMINDER

Several individuals are past due for PPD screenings and annual physicals. Current appointments support early identification of health concerns, accurate medical records, continuity of care, and residential compliance. Please submit updated documentation.

CONTROLLED MEDICATION COUNTS

Controlled medications must be physically counted and recorded on the Controlled Drug Form as required. Never use subtraction or arithmetic to estimate how many pills remain. The actual quantity present must be counted and documented to maintain safety and medication accountability.
