PROVIDER OF THE QUARTER

Ms. Virginia Silva

Ms. Virginia Silva is a very involved and family-oriented sponsored provider who gives excellent supports to the individual in her home. She is always on-the-go and in the community! Ms. Silva's selfless spirit and her extensive experience make her a great resource for knowledge for other providers. She's quick to take accountability and build her own knowledge in the field; Ms. Silva remains in compliance with trainings at all times and actively participates in meetings. We appreciate all of Ms. Silva's contributions to the field!

REMINDERS

Please make sure you are physically counting each pill and writing down the number you counted on your controlled drug sheets.

Do not assume the amount written on the bubble pack is accurate.

The physical count should **always** match the count on the drug sheets since you're simply recording what was counted.

No addition or subtraction is needed if you're counting the pills and recording that count.

Do not assume your own count is accurate from the previous count.
