

Blazing Apple Cider Vinegar

Set Your *Day a Blaze* with the *Elixir of Life*

World's Healthiest Superfoods Tonic. Blazing Apple Cider Vinegar is made with the "Mother," then steeped for 4-6 weeks to infuse 10 superfoods, and then cold pressed to capture up to 90% of the micro-nutrients, vitamins, and minerals. This isn't your Grandmother's apple cider vinegar. One tablespoon a day for maximum health benefits or ADD ZEST to your favorite recipe. Over 500+ known health benefits. Nature's Elixir!

ORGANIC APPLE CIDER VINEGAR: Blazing in the media like a firestorm, this ancient brew has been known to help regulate blood sugar, promote weight loss, aid in healthy digestion, relieve arthritic aching joints, kills pathogens, lowers cholesterol, and may protect against cancer.

CITRUS: Is famous for its high vitamin C and fiber plus being low in calories. It is also rich in nutrients that boost heart health and flavonoids which reduce inflammation. Citrus may help fight and prevent cancer, especially in the digestive track, lower the risk for strokes, and reduce stress levels.

GARLIC: It is the "Who's Who" of healthy foods. It has been known to help improve heart health, lower blood pressure and boost the immune system with its antioxidant properties and fight against flu and colds. It's claimed to boost sexual drive as well as assist your body in detoxing metals.

GINGER: Looking to add some sizzle to your life? Ginger has been known for centuries as an Ancient Eastern Medicine - Libido Booster. More importantly, it is a master anti-inflammation root that can provide pain relief, swelling reduction, boost the immune system and is being studied for its anti-cancer properties.

HONEY: Did you know honey can last forever? It's a natural antibiotic, anti-fungal, and antiseptic. Honey is a good source of antioxidants due to its phytonutrients compounds that provide both antioxidant and anti-inflammatory benefits. Honey also makes the perfect natural sweetener and is used to soothe coughs and ease colds, and aids in digestion.

STOCK: 1oz. Grab-n-Go – 8 & 16oz. Bottles – 1gal. Jug

HORSERADISH ROOT: This pungent superfood opens up your sinuses on your first whiff. Its health benefits include the ability to aide with weight loss, lower blood pressure, alleviate respiratory conditions (Allergies & Bronchitis), build strong bones and improve immune system function, and stimulate healthy digestion.

JALAPEÑO: The "Spice of Life" contains a significant amount of capsaicin which gives them their fiery kick. Capsaicin speeds up metabolism which boosts energy levels and may help prevent type-2 diabetes, cardiovascular disease, and cancer and is high in vitamins A&C which supports the immune system.

ONION: A nutrient filled vegetable that has cardiovascular benefits, anti-inflammatory powers, and may reduce cancer risk. A study from John Hopkins University found that onions combined with turmeric create a synergistic effect that was shown to reduce the size and number of precancerous lesions in the intestine. Also known to help boost the immune system and reduce cholesterol.

THYME: Thyme contains the anti-microbial oil thymol. Thymol has shown to be effective as an anti-bacterial and antifungal combatant. Research indicates that thymol protects the delicate fatty structures that compose our cells, particularly benefiting the kidneys, brain, and heart and improves circulation.

TURMERIC: The "Miracle of the East" is rich in the yellow-orange pigment called curcumin. Curcumin has great anti-inflammatory and pain fighting properties. A John Hopkins University medical study showed turmeric combined with onion increases their anti-inflammatory and pain relieving properties. Turmeric has also shown helpful for Rheumatoid Arthritis and fighting cancer.
