

Notus-Parma Highway District No. 2

Weed Control Department

To: Canyon County Landowner

From: Notus-Parma Highway District No. 2

Subject: No Spray Zone Form

Upon inspection of our records, we have determined that you previously requested that the right-of-way adjacent to your property be included in the no spray zone list. The No Spray Zone applications must be renewed annually. To remain on the no spray zone list, the right-of-ways must be maintained in accordance with the following Mandatory Requirement:

1. All vegetation shall be removed or kept less than a two (2) inch height within (8) feet of the pavement.
2. All noxious weeds shall be removed.
3. A sign must be placed at the beginning of your requested no spray zone. We spray as we drive down the right-hand side of the road. Sign's must be placed plainly visible, blue and not smaller than eight- and one-half inches by eleven inches. It must say "**NO SPRAY ZONE**" in white lettering.
4. A second sign must be placed at the logical end of the no spray zone, it must say "**END NO SPRAY ZONE**" and be of the same size and color as the first sign.

We are obligated to apply herbicides on Canyon County rights of way. We offer the no spray zones as a courtesy to Canyon County residents. These requirements are designed to protect the motoring public, and pedestrians.

Upon receiving your application, highway district crews will visit your property to record the beginning and ending points of the no spray zone. If signs are not properly posted, we cannot record the site, and cannot ensure you will not receive an unwanted herbicide application.

By filling out and returning the enclosed form, your property can be added to the current No Spray Zone list. If a current copy of this form is not received by our department, and / or the minimum requirements are not being met, normal herbicide applications will resume along the right-of-way adjacent to your property.

Sincerely,

Director of Highways
