"The Trolley" The Official WB&A Newsletter

WB&A Chapter - Eastern Division - Train Collectors Association
Established 1964

President's Report

This past weekend, on June 4th, we held our first Mini Meeting / General business meeting of this year, at the American Legion in Vienna, VA. It was great to see so many folks that we haven't seen in such a long time. Besides our morning coffee and donuts, swapping trains, we had a lot of information to inform you about. We now have had our second event in person this year, and are just getting started, with an exciting plan for the rest of the year.

I want to thank John Buxton, our Vice President, who's working feverishly to bring us our next flea market, train show, this July, at the National Capital Trolley Museum in Silver Spring, Maryland. Save the date for July 23, 2022. It's a bring your own table event.

We will be following this up with the first ever WB&A Arbutus Fire Hall Train Meet. Sunday, October 2, 2022.

In November, on the 12th, we will be holding our next Mini Meet / General Business meeting, this time in Maryland. Elections will also be held for three board positions and an Eastern Division representative.

Dave Eadie, who's been our Eastern representative for the last six years announced that he will not be running for another term. His current term expires December 31, 2022. Anyone who is interested should contact Dave Eadie, he will be happy to explain functions and duties of an Eastern division Rep. We thank Dave for his years of service as Eastern Rep.

Please welcome and congratulate, Chuck McGinnis, who at the last board meeting was voted in to fill the slot that was left vacant this past winter. Also welcome to Carol McGinnis, while not a board member, has volunteered to become chairman of the social committee. If you like to work on the social committee let us know, we will get you in contact with Carol.

My thanks goes out to all of my board members who contribute endlessly to make our club a success. Without their energy and time a schedule of events like we're attempting to do just wouldn't happen!

WB&A Board of Directors Meeting

Saturday, January 8, 2022

Via ZOOM

Meeting Start Time: 9:00 AM

Meeting End Time: 12:00 PM

In Attendance

Present: Tom Salen, Nada Boswell, Mike Ackerman, Dave Eadie, Bob Heine, Bob Gray, Bill Moss, Skip Lee, John Buxton, Carol McGinnis, John Kowalski

Absent: Charles Doring, Arnie Meyrow

A quorum being determined, the meeting was called to order by Tom Salen, WB&A President.

OPENING COMMENTS BY PRESIDENT - President Tom Salen opened the meeting by expressing his gratitude for the work done by the Board and members over the past year for their efforts to continue to provide quality services to WB&A members during the Covid pandemic. He noted the two face-to-face events held, the August Flea Market and the WB&A Mini Meet held at the National Capitol Trolley Museum. Tom expressed his hope that, in the coming year, the club will be able to host club events in Virginia.

OLD BUSINESS

1. **Secretary's Report** - Bob Gray

The minutes from the September 11, 2021 Board Meeting were reviewed by members. A request was

made for additions or corrections to the minutes. A motion to accept the minutes as written, was made, seconded and unanimously approved.

2. **Treasurer's Report** - Michael Ackerman

The Treasurer's Report was distributed to the BOD previous to the meeting. Michael answered member questions regarding the report. The Treasurers' Report of January 8, 2022 was approved.

3. **Membership Report** -Bill Moss

Bill stated that the present membership list includes members in good standing for the years 2021 and 2022 and at this time we have 208 members. 136 members have paid their 2021 dues. We still need to collect 2021 dues from approximately 70 members. David Eadie will send a reminder email to these folks. Regarding the WB&A Drawing, Bill reported that tickets sales have yielded \$480.00, which brings us to a break even point for this endeavor.

4. **Eastern Report** - Dave Eadie

Dave reported data on the October 2021 York Show and answered questions regarding the logistics and services provided at the event. He will bring up WB&A members' concerns at the upcoming Eastern Division Board meeting. He further noted that the April 2022 York Show will be a 3-day event to be held on April 28, 29, and 30. A discussion ensued regarding the possibility that the show would be held on only 2 days. Concern was expressed about vendors leaving early on Saturday.

NEW BUSINESS

1. **Website Update** - Bob Gray

Bob introduced WB&A member John Kowalski who has agreed to assist with the management of our website. John's strong background in communication enterprises and technical know-how will enhance the effectiveness of the website. John shared his hope that we can bring the WB&A website in line with both the TCA and Eastern Division's website formats and that we can create more on-line interaction between WB&A members and the Board. Tom Salen suggested that a Website Committee be formed to assist with the management of the site. The Board agreed with Tom's suggestion and the following people volunteered to serve on the committee: Bob Gray, John Kowalski, Tom Salen, John Buxton, and Carol McGinnis. Bob Gray will write an article for the Trolley Newsletter, updating members on website planning and resources in hopes of encouraging increased member involvement.

2. **Annapolis Show** - Skip Lee

Skip reported that 67 tables have been sold for the February 27 Annapolis Show and that 10 people have volunteered to assist with setting up for the show. The drawing for the 2020/2021 WB&A Train will be

done at the event. Bob Gray shared the TCA publication and website advertisements for the Annapolis Show. Notice of the show will appear in the Annapolis Capital Newspaper. Nada will explore possible children's "give-aways" for the show. Drawings for coupons for use at the show will occur hourly.

3. **Future WB&A Activities/Events/Meetings**

A wide-ranging discussion regarding 2022 WB&A events was held with the goal of providing face-to-face activities in both Maryland and Virginia. The BOD voted to explore the possibility of WB&A assuming management of the Arbutus Train Shows. A motion was made, seconded and accepted to pay for a table to advertise the Annapolis Show and promote WB&A membership at the Timonium Scale Model Show. Assisting with the WB&A table at the February 5 & 6 Timonium show will be Bob Heine, Bob Gray, Bill Moss, and John Buxton. At this time the following events are planned for 2022:

- a) WB&A Table at the February 5 & 6 Timonium Show
- b) Annapolis Show on February 27th
- c) Mini Meet at a Virginia Location in early June
- d) Pop-up event at the National Capital Trolley Museum in June.
- e) Mini Meet and Election in the 1st or second week in November.

Skip Lee noted that we had not addressed informal social events or excursions. Several Board members expressed support for these activities. John Kowalski suggested that we consider a regional "Coffee & Caboose" get-together at a local coffee shop. The suggestion was made to form a Social Committee. These topics will be on the agenda for the next BOD meeting.

Bob Heine asked if someone could provide a template for recording the names and email addresses of local TCA members who do not belong to the WB&A.

The next WB&A Board of Directors meeting will be held on March 5, 2022 at John Buxton's home.

Minutes submitted by: Bob Gray

Minutes approved on March 19, 2022

Future Arbutus Train Shows

WB&A has worked with Sunny Vacek and we will be taking over the management of the Arbutus Firehall Train Show. Sunny Vacek has issued a refund check to anyone who registered for the March, 2020 and/or the September 2020 Train Show. The checks, a letter explaining, and a registration form for the October Meet have been sent out. We are excited about this opportunity and deeply thank Sunny and Frank, Ricky, and Rusty for their 30 years of working with this show.

It's Alive! The NEW TCA DIRECTORY.

By Carol Redman McGinnis, TCA# HE 95-41066

Cover of the 1st TCA Directory

Once upon a time, in the opening days of TCA, the first TCA Directory was published. As the informal group of men gathered and talked the need was seen for a quick, easy way to contact each other. Where did they live, what did they collect, and how can we visit them? So, after a short two and a half months of existence, the Directory was born. Yes, it was "Alive!" Simple type, printed on copy paper, and had a copy paper front and back cover. Does anyone know who drew the cover picture of a train? Was it Lou?

There are a few of you who have seen this splendid publication. The pages were created on a typewriter at the home of Lou Redman, Secretary-Treasurer, who lived at 225 Harrison Avenue in Avalon, Pennsylvania. President Burton Logan is listed as Edaville Railroad Museum in South Carver, Massachusetts! And Vice President Evan Middleton lived at 5017 9th Avenue in Los Angeles "43", California. There were 4 Directors: E.P. (Ed) Alexander, Douglas Bourner, W.C. (Bill) Krames, and Don LaSpaluto. These guys lived in Yardley, Pennsylvania; St. Louis, Missouri; Yardley, Pennsylvania; and Bellaire, Long Island, New York, respectfully. TCA was already showing its intercontinental lean!

Collections listed included Tinsplate, Catalogs, Old Trains, 1 gage, O gage, 2 7/8 gage, 2 gage, Standard gage, all types of Toy Trains, Pre-WW1, Cast iron, Pull, Wind up, Trolleys, Live steamers, Interurbans, Accessories, Antique trains, Copper, Brass, Chrome, Litho, and "what have you!"

Doug Bourner included "If in St. Louis plan on dinner and evening at my house." So much information and so many interpersonal relationships were created by these simple pages! They were listed on a short 14 pages and had 65 names contained within. In Redman's Treasurer's

Report from Jun, 1957 the cost of the directory were calculated at about \$31, which includes 1/2 of the postage costs.

By 1956, just one year later, the Directory expanded to 116 names and included phone numbers (enumerated as LInden1-0421 for Lou Redman, notice the letter prefix). It's really kind'a funny, as I remember my phone number as PO1-0421! It must have changed in 1956 when we moved from Avalon to Ben Avon! The cover graduated to colored bond paper. There are at least two colors, light blue and tan. Do you have one that's a different color?

1957 Directory with handwritten TCA Numbers

The 1957 Directory came with a bright tinsplate Orange crackle cover. Within the pages of his copy, Lou has handwritten the TCA numbers. You can see how President Logan got C-1 (later renamed CM for Charter Member) Vice President Middleton got C-2, and Sec/Treas Redman got C-3. From there the charter member numbers were assigned alphabetically, so you can see Richard Little is C-34. Note that William Loew is 57-170 with the year of acceptance into TCA followed by sequential numbering. By the 1964 Directory the TCA number was added in.

53 years later in 2008 the last in the series of TCA Directories was published. This publication came filled with essential information for the discerning member. The TCA Articles of Incorporation, By-Laws, Policy Book, Strategic Plan, Alphabetical Listing, Geographic Listing, Numeric Listing, Notes pages, and Advertising. Many would read through its pages when it arrived with the same anticipation as the Quarterly. While, of course, others would throw it away.

There were 624 pages filled with information and details. Of those 300 pages were addresses, phone number and emails of members, with at least 90 listings per page. That works out to be more than 27,000 members. The job of keeping this document up-to-date was in the hands of Tim Stier,

So, here we are in 2022. 68 years and so many details are developing so fast. There have been almost 76,000 TCA members in these 68 years. Years ago, when TCA published a Directory every year it was quickly realized that as the book was distributed it was already out of date. This became more and more evident each year. Folks moved, changed phone number, changed email address, even changed name.

The TCA Directory is now available online. As

members update their personal information it is uploaded and available immediately in real time. Chris Allen, TCA's Internet & Technology Chair, recently shared on the TTML * (Toy Train Mailing List): "To access it login into your TCA account via the Member Dashboard. At the Dashboard (you can) pay your dues, print a lost membership card, update your personal information, and view the Member Directory."

So, the control is in your hands. New phone number, new email, change of address? Add them into your online profile. It will be instantly changed and reflected in the Directory. Each member has the option of having/ or not having their email, phone number, and/or full address able to be viewed by other members.

Right now, you can search by member first or last name, by Division, by Country/State, or by Member number. There is a feature that you can then sort by last name, number, or location. Try it I think you'll like it! It is a vast improvement over the old phonebook Directory version. I'll be the first to admit, I dearly miss the printed version. But, there are major advantages of the new online directory. If you use a smart phone or pad, you carry the Directory with you wherever you go.

Chris continues by adding "This will be a big plus for TCA Division Secretaries and Meet Chairs. With any smart phone or pad they can log into the website and check member status. We believe that the new Directory is a huge improvement over the old and this is only Phase I of the project. We hope to get funding for some great ideas for Phase II next fiscal year."

What does the future hold. When you get your 8-ball or your crystal ball reading please let me know.

Eastern Division-TCA Report

Dave Eadie

This past year's April York Show was a resounding success !! We had over 8,000 attendees including 370 non-TCA from the public and financially we broke even. The challenge going forward will be keeping our budget in line with the cost of the fairgrounds our single most expensive item. At this time, the York Meet will be a three day event for the see-able future; opening noon on Thursday till 2 pm on Saturday. Elections will be held in October to elect a new Eastern Division Board. Bob Buehler will be running for President, Russell Youens for Secretary, John Zobel for Director and Dan Danielson will become our Past President.

One of the changes being made for the October, 2022 Meet will be all vendors in the Purple Hall are moving to the Orange Hall. The Purple Hall will host all train layouts. This will allow a central location for both TCA members and the general public. Bus service will also return for October; in April we had problems securing a contractor.

As you all know. I have served as your WB&A Chapter Representative to Eastern Division for the past 6 years. I have decided its time to not run again in this Fall's WB&A elections. This was not an easy decision I assure you but the right one for me. So, please consider running for this position to represent your WB&A at York. One perk is that Eastern Division will pay your expenses for the week at York in including hotel, per diem and mileage. Some of the responsibilities you will have, include attending the Board meeting on Tuesday of York week prior to the opening. There are usually one or two Zoom Board meeting prior to each York Meet as well. You will also be asked to submit a written report on the activities of the WB&A Chapter for the current year and you should submit an occasional article for the WB&A Trolley newsletter to inform members of any York Show updates. One of the other assignments I had was organizing and coordinating the Lost & Found activities at each York Show. So, please do consider being a part of the York Show.

Thanks again for allowing me to serve as your Chapter's Rep to Eastern Division these past 6 years. It was a great experience I will treasure.

Dave Eadie,

WB&A Chapter Representative to Eastern Division

Membership Moments by Bill Moss

Thank you everyone who replied to our membership survey. The results have been tabulated by Bob Heine after many hours of work and will be used to organize committees and to plan WB&A events. We are beginning to schedule more WB&A sponsored train shows this Fall and Winter which will provide opportunities for everyone to participate and become reacquainted. Please look at our Website (wba-tca-eastern.org,) for more information. One of our annual social events is attending a Bowie Baseball game. We planned to attend a game on May 21, however it was rained out. After re-scheduling for Saturday night, May 28, we enjoyed a beautiful evening including a win by the Baysox and excellent fireworks after the game. The WB&A gained one new member and is maintaining a membership of 225 members which indicates the WB&A is alive and well. However, so far this year 40 members have not paid last year's (2021) dues. We will be sending out a Dues Reminder Letter soon. Please check your membership card to see if you have a 2021 sticker attached. If not, you may use the Membership Renewal Form in this Trolley to renew your membership. We hope to see you soon.

WB&A Membership Survey Data 2022

In March of 2022, the WB&A Train Club Board of Directors voted to conduct a survey of the membership to learn more about their model railroading interests. A survey of this sort had not been done by the club for number of years. In addition to determining current members' hobby interests, the Board wanted to find out which members were interested in serving on the committees that are essential in the delivery of quality services and activities to the membership.

This endeavor was very successful in that there was an excellent response in terms of number of surveys returned. 120 of the 240 surveys mailed to members were returned. In addition to filling in responses on the survey form, many members included comments that the BOD will be reviewing. And most importantly, a number of members expressed a willingness to serve on a Club Committee.

Regarding members' leisure-time rail pursuits, item number two of the survey asked members to rank six aspects of the hobby in the order of their interest. The results to that question are:

1. Operating Toy Trains
2. Collecting Trains
3. Education and Research
4. Scale Modeling
5. Railfanning
6. Selling Trains

Below are the tabulated results of the 2022 WB&A survey that was mailed to all of our Chapter members. All the following results were recorded by Board Members Bob Heine and then edited by our Bob Gray into a more easily readable format. We hope you all find the results interesting, as our Chapter Board digests and discusses the tallied opinions of our membership.

Item 1 – How accurately does this mission statement reflect your hobby interests?

The mission of the WB&A Train Club is to develop an appreciation of and to preserve an important segment of history - railroading - through research, education, community outreach, fellowship, and to promote the growth and enjoyment of collecting and operating toy, model and scale trains.

Woody's Train Restoration & Repair offers professional repair and restoration services for post war Lionel trains. We specialize in steam locomotives and tenders. We have the ability to repaint and rubber stamp locomotive cab numbers. We have full repair shop and can rebuild smoke units, e-units, repair whistles and rewire your locomotive to almost new. We just recently added a Lionel press and can change out broken diesel and steamer wheels and perform various other repairs. If your train needs some TLC just e-mail us (deutsche_marine@hotmail.com) with your needs and we most likely

can help you. (Here is a sample Woody has restored back to greatness.)
