

SONIC SCRUB MAL-GRIT™ SCRUB

THE REVOLUTION IN FLOOR BRUSHES - NOW WITH GRIT!

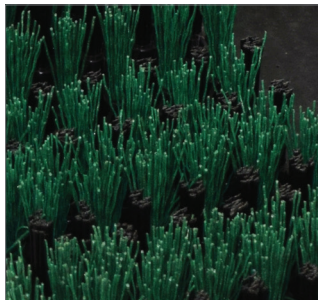

REMOVE THE TOUGHEST DIRT AND SCUFF MARKS FROM HEAVILY SOILED FLOORS.

Ideal for daily scrubbing and maintenance with your oscillating floor machine. Featuring nylon grit filament, this brush is designed to remove worn finishes, soils, scuffs, and spills and to prepare surfaces for re-coating.

KEY BENEFITS SONIC SCRUB MAL-GRIT™ SCRUB

- Use on your existing oscillating floor machine - no need for new equipment!
- Rectangular shape reaches those hard-to-reach wall edges and corners.
- Designed for heavy-duty wet scrubbing or light stripping on VCT, quarry, grouted tile and Terrazzo flooring.
- Bi-level filament reaches deep into grout lines - where floor pads won't!

120 GRIT NYLON

Featuring green .022" diameter 120 grit filament to maximize heavy-duty scrubbing and stripping.

PAD REPLACEMENT

Replace green floor pads with the washable and reusable Sonic Scrub Mal-Grit™ Scrub to save time and money.

TILE & GROUT SCRUBBING

Grit nylon and polypropylene bi-level tufts maximize brush-to-floor contact.

SONIC SCRUB MAL-GRIT™ SCRUB

THE REVOLUTION IN FLOOR BRUSHES - NOW WITH GRIT!

WHAT IS SONIC SCRUB MAL-GRIT™ SCRUB?

Sonic Scrub Mal-Grit™ Scrub is a light weight, deep cleaning, rectangular brush designed for the oscillating floor machine industry. It is the latest addition to the Sonic Scrub product line. This innovative, patent pending design by Malish, is tufted with polypropylene (.040" diameter) and durable grit nylon (.022" diameter) filament.

- Designed to clean deep grout lines & uneven floor surfaces
- Dual filament construction combined to create a superior scrubbing action for deep cleaning
- Driver block is not required allowing for simple and quick change out time
- Flared tufting for edge-to-edge and corner-to-corner cleaning
- Universal design fits all oscillating floor machines; stick, walk behind, and riders.
- Cleans with water or cleaning solutions
- U.S. & International Patent Pending

FLOOR TYPES

Created for VCT, quarry tile, grouted tile and Terrazzo floors to clean deep grout lines and uneven floors.

LIFE EXPECTANCY

Field test results on tile floors show that the brush will outlast pads by 20 times, reducing your cost by 85%!

MACHINE APPLICATIONS

SONIC SCRUB fits all 14" x 20" oscillating floor machines including stick, walk behind, and riders.

EASY INSTALLATION AND REMOVAL

To install, simply align and press the light weight hook-and-loop backed brush onto the machine's drive plate engaging the hook-and-loop material. To remove, simply pull the pre-molded brush tabs.

FEATURES

- Low noise (db) level
- Outstanding scrubbing action on high & low RPM machines
- Light weight
- Easy to clean
- Cleans corners and edges
- Hook & loop backing
- Built-in tabs for easy removal
- Quick change design
