

# THE ULTIMATE BRISTLED FLOOR PAD

## INSTALLS EASY LIKE A PAD, CLEANS DEEP LIKE A BRUSH.

Flex Scrub®, the ultimate bristled floor pad, blends the familiarity and easy installation of a traditional pad with the robust cleaning power of a brush. There's no need to change existing floor machines, no special attachment required and no operator learning curve. That's because Flex Scrub® has been engineered to work with most existing machines, attaching as quickly and simply as a regular pad. And while it's similar to a pad in ease of attachment, Flex Scrub® offers a considerably deeper level of cleaning: it agitates chemicals, pushing them into grout lines and highs-lows where pads can't reach. Flex Scrub® is an ideal solution where building cleanliness is important to occupant health.

### POWERFUL PERFORMANCE

- Outlasts traditional pads up to 50 to 1
- Reducing labor and product cost
- Reaches where pads can't for a deeper clean
- Easy to use:
  - no need to stop-and-flip
  - won't gum up when cleaning or stripping
  - self-cleaning so no need to wash it out
- No concern about heeling and floor damage
- Flexible and lightweight

PATENT PENDING

### EASY INSTALLATION

Flex Coupler, our quick-change universal adapter attaches to any pad driver. Patent pending design.

### DESIGNED TO FIT

Fits most traditional 175-350 rpm machines: single-disc, auto scrubber, ride on, orbital.

### TACKLES HIGHS AND LOWS

Pad bristles reach down into grout and texture for superior cleaning.

## BENEFITS

### SAME SIZES, SAME COLORS

Flex Scrub® bristled pad colors match directly with traditional floor pad color.

Match pad driver size when ordering.

Available in sizes 13"-20".

Can be ordered with the Center-Lok® 3 pad centering device.

## FLEX SCRUB® COLOR USAGE KEY

### Red Flex Scrub® (500-grit)

- Ideal for everyday use to maintain floor cleanliness

### Blue Flex Scrub® (180-grit)

- For light scrubbing and removal of light dirt, scuff marks and residue

### Green Flex Scrub® (120-grit)

- For heavy scrubbing and removal of dried on residue, saturated grout lines and layers of built up dirt

### Black Flex Scrub® (80-grit)

- For stripping floors down to the base level

\*It is recommended to use a pad centering device with The Flex Scrub®. Options are available with Center-Lok® 3 pad centering device and installation screws.

### CLEANLINESS

- Self-cleaning bristles break up and sweep away dirt, preventing a dirt/bacteria nest from forming

- Superior cleaning of grouted and textured floors

### COST SAVINGS

- Bristled floor pads outlast traditional pads up to 50 to 1, reducing down time for pad change, labor costs and product costs

- Bristled floor pads won't gum up, so cleaning and stripping can be completed faster – saving time and labor costs

### ECO-FRIENDLY

- Bristled floor pads last longer than traditional pads, reducing landfill waste

Replace the Flex Scrub® bristled floor pad when approximately ½" bristles remain.
