

EIP's Legislative Report for 4-13-26 Membership Meeting:

About a week ago, Diana Munguia, Elections Manager for Kara's Elections Office, asked me to staff and Lead a Poll Worker team for the Port Aransas polling place, for the April 20-May 2 newly announced "Uniform Election".

There will be only 2 Early Voting (EV) locations: Port Aransas Community Center and Johnny Calderon Building in Robstown. Election Day (ED) locations are these 2, plus the Robstown ISD Admin Building.

County Clerk Kara Sands was asked to run the Port A ISD election, and is combining it with a Robstown ISD election and a Nueces County Water Control and Improvements District #3 election.

- **The only precincts that will vote for water control directors are 13, 23-05, 23-08, 35-02, 37-06, 54, 55, 104, 105-02, 105-06, 105-07, 107-02, 107-06, 107-07, and 107-08.**
- **Both the Port A and Robstown ISD sample ballots show propositions for bonds for ISD improvements, and are property tax increases if they pass.**

Kara decided NOT to hold off on these until the Run-Off Election, which is still May 18-26. Recruiting for the Run-Offs should be winding down, so if you want to work, please let me know ASAP.

No dates have been announced for the L&A Test for the Uniform Election.
