

Our First Leadership Poll Worker Training was a huge success

Non-Partisan

We had an excellent turnout on both Saturdays with almost equal attendance of Republicans and Democrats!

Hands on Equipment Training

The County clerk, Kara Sands, made available a Scanner, Controller, and DUO voting machine to setup in class!

Excellent Documentation and Presentation

Kimberly Bridges-Young put together an excellent training program full of useful information and insight from others on "Gotcha's" they have encountered while working an election!

We are currently working on Age Group 76. We have completed 11 of the 14 sections with 2 sections assigned. I am currently looking at 22 Registered Voters with residencies listed at Mail Facilities. I am trying to get the mailing list labels printed for the mail out to Moved out of State voters to try to get them to respond to have their names removed from our Voter Roll instead of just being on SUSPENSE.

On 02/02/2026 I gave a condensed version of my 01/26/2026 VRM Report at the Citizens Defending Freedom (CDF) explaining what we do in the VRMC. I stated that our group currently consists of 3 dedicated people, Natalie Olsson, Hugh Goben, and myself. I explained what we each do concerning Recently Deceased, Deceased by Age Group, Moved, and Invalid data entries. I presented a few slides and gave an explanation of what ELLY and Psephos does and can do for our Local and State Voter Roll Maintenance and administration.

We have a meeting scheduled on 02/16/2026 with Todd Hunter, Denise Villalobos, and Adam Hinojosa to give a presentation on ELLY and Psephos.
