In 1987, I was a 14-year-old freshman at Tucson High School. Bused in from the other side, scared, lost, and unsure due to the vastness of this huge campus, it was overwhelming and intimidating. Edgar was a senior, a star athlete, popular and friendly. He didn't treat me like a freshman from another part of town but rather as a fellow human being. Although he was a young man himself, I knew

he was not the typical upperclassman. Edgar cared about people, and it was genuine. I have seen Edgar over the years, and he always treats me with the same respect, kindness, and humility as he did almost 40 years ago. This is the person I want to represent my district as a Pima County Supervisor.

I am confident that Edgar Soto comprehends the many challenges that Pima County encounters. As the Pima County Supervisor, he will undoubtedly excel. The county needs someone competent and willing to make difficult administrative choices that benefit everyday people. I am proud to support and cast my vote for Edgar Soto.

I have known Edgar since we were ten years old. We played baseball together from the time we were in Little League throughout high school. After high school, we took different paths: his was to Arizona Western College, and mine was to the US Marine Corps. Edgar's strong and kind heart comes from

the upbringing of his parents and the love in their family. This upbringing has given Edgar a sound foundation and the desire to look after the best interests of others. Edgar undoubtedly is one of the most sincere and caring people I know. I am honored to write this letter of support for him, and when elected, Ward 3 will be in the hands of an incredible person.

He always goes above and beyond to ensure that those he serves have access to the best possible experience and opportunities. I appreciate his inclusive vision and desire to remain grounded in his roots.

I've known Edgar Soto for about 45 years. We played Little League and were teammates in high school and college. Over the years, I have watched Edgar develop and utilize his excellent leadership skills in the workplace and the community. His leadership skills include his hardworking nature, open-mindedness, empathy, clear vision, confidence, honor, and communication skills. He is also one of the humblest men I have ever known. Edgar's influence extends far and wide, as evidenced by the love, respect, and admiration he garners from many.
