THE "TOWER" & "THREE WISE MEN"

It wasn't the Tower of Babel and they weren't the Wise Men who visited Baby Jesus, but the same Eternal God who rules the universe was present at Piñon Hills SDA Church this past week!

On Tuesday the Bisti Broadcasting tower (in three sections) found its way to the church furnace room, just below the spot where the fully constructed tower will soon stand tall. Tentatively the date for assembly has been set for Monday, March 9.

In preparation for the assembly date, Engineer **Jim Burt**, Bisti Chief Financial Officer **Rick Roy**, and Bisti Advisor **Bruce Bowen**, spent time surveying and planning. Bisti Secretary **Karen Bowen** stayed on the ground offering prayers for wisdom and safety for the three men who ascended and descended! The ascent and descent were safely negotiated and the blessing of wisdom was granted. The investigation and planning went well. The tower construction team will be able to evaluate the current situation and take over from this point.

Engineer Jim unpacked and examined the two antennas donated by Adventist World Radio (AWR). He also outlined plans to complete advance testing before the arrival of the AWR engineers. Two AWR engineers will be coming to set up equipment and programming for the various LPFM stations networking with Diné Adventist Radio (DAR).

On construction day the extension ladder will be raised again and there will be need of more prayers for safety and wisdom. Thank you for praying about this phase of our Bisti Broadcasting radio ministry.

NOT BY MIGHT,
NOR BY POWER:
**THE NORTH
AMERICAN
DIVISION AT 40**

The January/February issue of Adventist Journey included acknowledgement of the leading of the Holy Spirit in the North American Division (NAD) for Four Decades since it transitioned in 1985 from a GC department to a World Division. Focus on the future included a GC evangelism initiative, OneVoice27, which will take place next year. “Adventists globally will creatively employ media—encompassing television, radio, social media, and publications—to share the story of Jesus, the Messiah.”

The book *Evangelism* will be the foundational text for the OneVoice27 project. Bisti Broadcasting can certainly be a part of what is being planned. The following excerpt from *Evangelism* was cited, “Let every worker in the Master’s vineyard study, plan, devise methods, to reach the people where they are. We must do something out of the common course of things. We must arrest the attention. We must be deadly in earnest. We are on the very verge of times of trouble and perplexities that are scarcely dreamed of.” (pp. 122,123)

Ellen White wrote those words in 1893. How much closer we are now to the times she is speaking about. The radio ministry we are developing will provide us with a creative tool to “reach the people where they are” here in Farmington and on the Navajo Nation.
