SEND THE LIGHT, THE BLESSED GOSPEL LIGHT

This week's "Navajo News" by Diné Adventist Radio (DAR) announced:

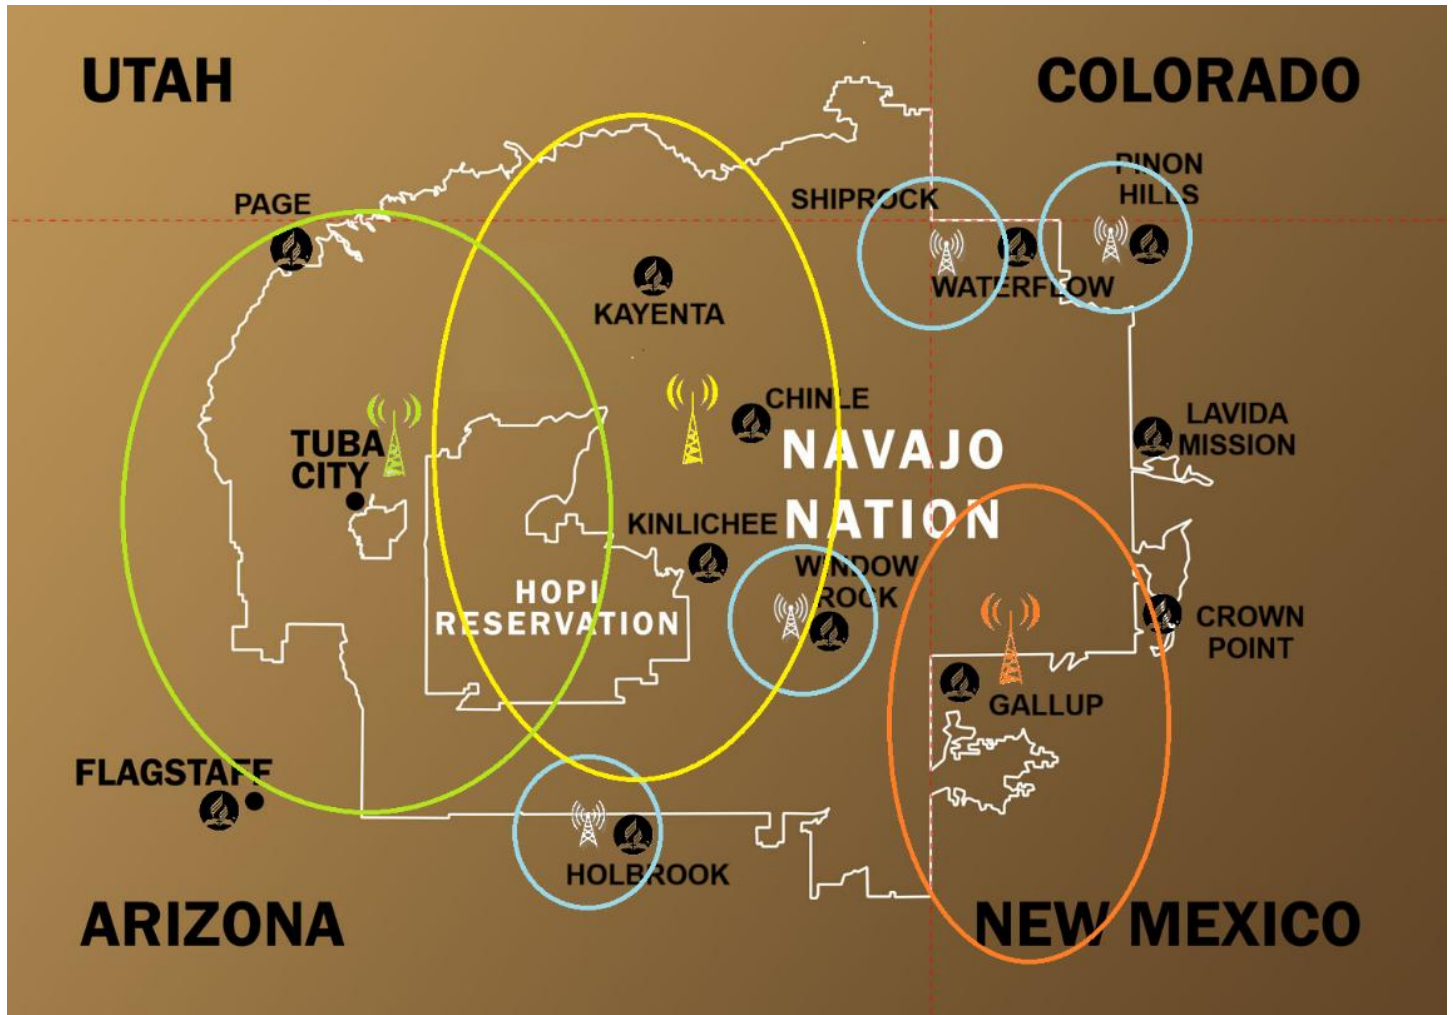

"Gallup Expansion Project Fully Funded!"

The article shared the details of how through a \$25,000 Matching Challenge along with an outpouring of other generous gifts, the necessary funding of \$220,954.22 has been raised.

Plans are moving forward for the construction of the new full-power station that will "turn on the light" over Gallup and bring the Good News to thousands across McKinley County and the Navajo Nation.

Notice on the map below how the Gallop full-power station will be integrated into the network of full power and LPFM stations that already are or soon will be affiliated with Diné Adventist Radio.

Another reported blessing is that the tower for “Waves of Grace” -- 93.1 FM -- in the Window Rock / St Michaels area is now standing tall. Our own Bisti Broadcasting -- 105.7 FM -- tower construction is scheduled for completion on May 6. Two Adventist World Radio (AWR) engineers are currently in the Four Corners area finalizing installation and programming plans for all of the LPFM stations. They will also develop affiliate programming for FM stations in Santa Fe and Las Vegas and for La Vida Mission. God’s mighty hand has been seen in miracle after miracle as these new stations go up and already established stations incorporate bi-lingual DAR programming.

This God-given radio network will be sending the blessed gospel light “speaking hope, healing, and Jesus to close to 100,000 people”. Thank you for your faithfulness in prayer and generosity in financial support. “God is moving across the Navajo Nation, quietly, steadily, powerfully. Families are finding hope. Hearts are opening to Jesus. Listeners are discovering encouragement in their health, their homes, and their faith.”
