DINÉ ADVENTIST RADIO EST. 2025

GOD'S TRUTH IS MARCHING ON

On March 19, 2025, the airwaves above Kaibeto, Arizona, came alive with a message of hope. Diné Adventist Radio's first full-power FM station--KDHH 89.5 FM--went live, reaching listeners across Tuba City, Kaibeto, and the Western Agency of the Navajo Nation. It was a quiet but powerful breakthrough for a project years in the making. Fast forward to today! Currently the DAR network consists of six stations including our own **Bisti Broadcasting**--KBFH-LP--105.7 FM. Combined with ongoing weekly programming on major tribal stations and a live global stream, the network is positioned to touch lives across reservation lines, state borders, and even generations.

The Navajo Nation is the largest Native American reservation with the largest indigenous population in North America, with territory that includes portions of four Seventh-day Adventist conferences in three union conferences. Most of the Navajo people follow traditional ways and are unreached by the Adventist message.

After 100 years of Adventist work among the Navajo, they are still an unreached people group. Radio ministry can reach places it would take missionaries years to go. The Navajo Nation covers over 27,000 square miles across Arizona, New Mexico, and Utah. Many families live without internet, electricity, or television. However, almost every household has a battery-powered radio.

The DAR network office and main studio are located at the Gallup All Nations Seventh-day Adventist Church in Gallup, New Mexico. From this studio and through this network God's message of love can go to "every hogan, every truck, every quiet corner of the desert." Please pray that the message of salvation will touch each listener!

Celebration and Expectation

On September 26 the Dedication of KJSS at Shiprock was a time of celebration!!

The Dedication of our KBFH is planned for January 9, 2027.

CELEBRATION

The dedication of the radio ministry of KJSS-LP "King Jesus Saves Shiprock"--106.5 FM--took place on Sabbath, September 26. Worship service at Waterflow SDA church was followed by a bountiful potluck lunch and the drive to Shiprock. The destination was to the location where KJSS rents antenna space on a local tower. The yellow arrow indicates the location of the two bay antenna protruding from the tower as high up as the LPFM license allows!

The gathered 20-25 believers sang songs of praise, gave testimonies, and offered individual and group prayers in English and Navajo. They used olive oil as a symbol of anointing the tower and the broadcasting equipment housing. Waterflow members, DAR personnel, and visitors were truly blessed as they acknowledged God's abundant blessings on this ministry.

EXPECTATION

The dedication of the radio ministry of KBFH-LP "Keepin' Bound For Heaven"--105.7 FM--is scheduled to take place at PHSDA church on January 9, 2027. The DAR personnel will be joining the local church family and guests on that Sabbath for participation in worship and celebration. Due to the delay in DAR personnel schedules, our "newborn" Bisti Broadcasting station will already be a mature few weeks old at the time of dedication! The January 9, 2027 date is exactly 10 days before the expiration date on the FCC station construction permit issued February 9, 2024! God has been so good!! Please mark your calendar to save the date for this January 9, 2027 celebration Sabbath program.
