

Studio/Gym Partnership Overview

Kincaid Legacy Foundation for Girls – Scholarship Program

Our Mission

The Kincaid Legacy Foundation for Girls provides scholarships for dance and gymnastics instruction that promotes excellence, character, modesty, and mentorship, making high-quality movement arts accessible to families with genuine financial need.

How the Scholarship Program Works

Studio Role

- Accept students approved for Foundation scholarships
- Uphold the Studio/Gym Partnership Agreement
- Assist Tier 1 students with obtaining required attire and coordinating recital participation
- Submit two brief verification reports per year confirming student enrollment and participation

Foundation Role

- Review and approve scholarship applicants
- Disburse scholarship funds directly to partner studios
- Provide annual scholarship funding for approved students
- Offer recognition as a Foundation-approved partner studio

Scholarship Structure

The Foundation provides fixed, annual scholarship support to partner studios based on demonstrated financial need and available funding.

Scholarship funds are typically disbursed to Partner Studios upon student approval and completion of required documentation.

The scholarship term covers a 12-month period beginning on the student's approval date. Students must reapply for continued support after this period.

Tier 1 – Full Scholarship (\$1,200 per year)

The Tier 1 scholarship is designed to fully support a student's participation in one regularly scheduled class and its standard program participation for the full program year.

This includes:

- Tuition for one class
- Required recital or performance fees
- One basic outfit and standard shoes, consistent with the studio's dress code and Foundation modesty standards

Tier 1 students are able to participate fully without any required cost to the family for these standard program elements.

Partner studios agree to administer Tier 1 scholarships in a manner that ensures full participation. If program costs exceed the scholarship amount, the studio agrees to absorb or waive the difference.

Tier 2 – Partial Scholarship (\$500 per year)

The Tier 2 scholarship provides partial financial assistance toward participation.

Partner studios may apply Tier 2 funds in a manner that best fits their program structure. Any remaining balance may be the responsibility of the family.

Tier 2 scholarships are intended to support participation but do not guarantee full cost coverage.

Verification Schedule

Partner studios complete two brief student status confirmations per year:

- **Winter Check-In (January)**
- **Summer Check-In (July)**

These reports help ensure scholarship funds are supporting active, engaged students.

Studio Standards

Partner studios are required to uphold the Studio/Gym Partnership Agreement, which outlines expectations for modesty, age-appropriate instruction, mentorship, and accountability.

Continued eligibility for scholarship participation is contingent upon compliance with these standards.

Why Partner with the Foundation?

- Grow enrollment while staying true to your values
- Serve families who otherwise could not participate
- Join a network of like-minded studios committed to modesty, mentorship, and excellence
- Help shape a generation that shines without compromise
