

SoilMix Basic Treatment Cycle					
Phase One: The Buildup			Phase Two: Enhancement		
Week 1	Week 3	Week 6	Week 12	Week 20	Week 28
Mix 1.4 oz SoilMix to 10 gallons of water to treat a 1/4 acre (or 10,000 sq ft)	Mix 1.4 oz SoilMix to 10 gallons of water to treat a 1/4 acre (or 10,000 sq ft)	Mix 0.75 oz SoilMix to 10 gallons of water to treat a 1/4 acre (or 10,000 sq ft)	Mix 0.75 oz SoilMix to 10 gallons of water to treat a 1/4 acre (or 10,000 sq ft)	Mix 0.75 oz SoilMix to 10 gallons of water to treat a 1/4 acre (or 10,000 sq ft)	Mix 0.75 oz SoilMix to 10 gallons of water to treat a 1/4 acre (or 10,000 sq ft)
Additional Notes:					
	Expect to see results after about four weeks.	After the third treatment you may safely reduce water by 30-50% while maintaining healthy plants and soil.
