

Who We Are

About Us

Charleen L. Hoskins founded TPAS in 2011 to skill-up insurance adjusters through proper training and support.

We understand the importance of the adjuster to the viability of an insurance company. This is why TPAS adjusters are successful, because we use extensive experience, know-how and expertise in our insurance claim-management based training courses.

Instruction with Experience

Our top instructors with over 55 years of combined experience as claims adjusters, trainers and managers are adept in various subjects. Claim Management, Loss Assessment, Cost Control, Policy Interpretation and Fraud Detection are embodied in each course.

TPAS training materials are custom to each subject. We utilize proprietary teaching methods proven to be effective in adjuster education.

Adjuster Recruitment

- **Claims Adjuster Workshop**
Free to the public, the workshop is designed to explain steps and benefits for claims adjusters and recruit potential trainees.
- **Missouri Vocational Rehabilitation**
Vendor status allows TPAS to train individuals who qualify or are receiving disability benefits.
- **Missouri Department of Higher Education and Workforce Development**
Claims Professional Training (CPT) Program is Workforce Innovation & Opportunity Act (WIOA) funding approved.
