

# Steadfast Seating, LC

Millions of people visit our buildings every year. Your public seating is built to handle the volume and perform for a long time. But, as we all know; people are hard on chairs.

You have made a big investment with your public seating and like any big investment your chairs should be inspected and maintained throughout the years providing a safe environment.

## INSPECTION & MAINTENANCE SERVICE

### Leave it to the Professionals

Steadfast Seating is committed to customer service. We proudly offer the following services to ensure safety, quality, security, and pro-long the life of your chairs. During a visit; we conduct the following:

1. **Inspection Service**
  - a. Visually inspect all components
  - b. Check the torque on all nuts and bolts
  - c. Test the bottom seat auto-lift mechanism
2. **Maintenance**
  - a. Replace missing nuts, bolt, and washers
  - b. Repair anchors
  - c. Evaluate damaged seat components and create a plan to repair or replace
3. **Clean**
  - a. Scrub fabric and plastic components
  - b. Gum removal

A comprehensive report can be provided at the conclusion of each visit.

We recommend annual visits, but you can choose your frequency and duration, or call us in for a one time visit.
