

FIVE CORE DOCUMENT CHECKLIST

CABER CARTER
PACIFIC NORTHWEST CLASSIC
BUILDING AND REMODELS

75%

**LESS STRESS AND
MISTAKES IF PLANNED**

START HERE

Before you build or remodel, prepare to be successful by planning your project out. Here are the steps:

PROJECT VISION- VISION BOARD

Do you have a visual reference to keep in mind throughout the project. If it doesn't look like your vision, it isn't complete.

PROJECT SCOPE- SCHEDULE AND RESPONSIBILITIES

Do you know the roles every one is going to play to help you create your vision, and is scheduled out to plan for success and challenges.

SPECIFICATIONS AND SELECTIONS

Do you know the exact materials and processes that we'll use to build your vision. Do you know best practices for your project?

PLANS AND PERMITS

Do you have a systematic, visual and standard set of plans that can be bid on, and can be permitted, so you can start a project.

CONSTRUCTION CONTRACT

Are all the conversations, agreements, processes, schedules, materials, responsibilities, and the construction bid outlined in a legally binding contract?

DO YOU HAVE ALL 5 DOCUMENTS READY?

Yes? Congratulations. You are going to save loads of stress! No? Without these key documents you will struggle to get a clear cost, and builders will struggle to give you a fair bid.

**I WANT TO GET
STARTED ON MY
CONSTRUCTION
PROJECT...
WHAT DO I NEED TO
DO?**

**FILL OUT THE CHECKLIST TO FIND
IF YOU ARE READY TO START YOUR
CONSTRUCTION PROJECT.**
