

Pacific Northwest Classic Building and Remodels. Award Winning Commercial and Residential remodels in the Portland Metro Area

# PASSION FOR THE CRAFT

[WWW.CABERCARTER.COM](http://WWW.CABERCARTER.COM)

## GENERATIONS OF EXPERIENCE AND A PASSION FOR CARPENTRY

Caber Carter, built by second generation carpenter, Jon Sanford

Caber Carter Inc. was started in 2017 from two second generation carpenters who worked for a large development firm. Learning from their fathers, both owners identified traits that lead excellent service: customer focus, clear and consistent communication and a passion to do the job right, because our reputa-

tion is our business and our future.

Caber Carter has since won several regional awards, including the Demuro award for "Best Historical Remodel (UDP)" in 2017, and "Elite Status" by HomeAdvisor, for craftsmanship, and service in 2019.

Passion for the craft is also passion to build well. To do so:

- Caber Carter uses project management software and web based communication to ensure clients are constantly up to date.
- Caber Carter is leading in building best practices in the Pacific Northwest, to ensure your home is safe, warm, and will last for generations.
- Caber Carter offers an industry leading warranty with remodels and new construction.

A company dedicated to making sure your worksite is safe for your family

WEB BASED PROJECT MANAGEMENT

Gone are the days of miss communication

# OUR VISION AND VALUES

“ At Caber Carter, we’re building a more Joyful world.

We share that joy with others by building relationships and masterful creations that withstand the test of time.

This is The Caber Carter Way.”

## 01 Excellent craftsmanship

We love what we do and consistently seek what is “right”, building relationships of trust and respect.

## 02 Clear and consistent communication

Clear understandings and Communication is key to building with excellence.

## 03 A family based organization

Employees at Caber Carter work 9-5 Monday thru Friday, to be consistently available for their families, and are paid a living wage with

## 04 Seek knowledge and help the building community

As leaders for construction best practices in the Pacific Northwest, Caber Carter seeks the best minds in the industry and delivers knowledge thru our podcast and social media.

TRUST AND RESPECT HAVE TO BE EARNED EVERY SINGLE TIME...

Over two generations, Caber Carter has built a repertoire of skills and abilities to help you with your home.

## Caber Carter leads in building best practices for the Remodeling industry

Industry leading community engagement and podcast.

Seeking knowledge and helping the building community is a core value for Caber Carter because we believe “a rising tide raises all ships”.

Every day we find and explore new methods to make the construction world better, whether it's software-based project management, a new flooring system for bathrooms, or the classic knowledge of what works and doesn't work in the Pacific Northwest.

Caber Carter takes pride in seeking out new information and working in the community to make everyone better.

Currently you can learn more of our industry best practices at the “**Better Built Podcast**”, which can be found on Spotify, Google, or Apple podcasts.
