

GEORGE BUSH

April 8, 1998

I am delighted to send warm greetings to all gathered for the 34th International Studebaker Drivers Club Meet.

For many people around the world, driving a Studebaker is the ultimate expression of freedom. I can vividly remember my own voyage from New Haven to West Texas in my '47 model right after I graduated from college. That very same model is on display in the museum at my Library which, I understand, you will be visiting during your Meet here in Texas.

I wish you luck with your event in Austin and hope you enjoy your visit to College Station - the home of the George Bush Presidential Library.

Happy driving!

Regards,

A handwritten signature in cursive script, appearing to read "G. Bush".
