

Hello. I'm Ray Chartrand with the North Texas Studebaker Drivers club.
I'm the event coordinator for our 62nd international meet that will be held in Waxahachie Texas from Sept 23-26. 2026

This is the largest gathering of vintage Studebakers in the world. We anticipate over 1000 attendees and 300-400 cars over the 4-day event. Along with judged cars shows we have a huge swap meet & technical seminars throughout the event.

Although most cars are stock, we are seeing an increasing interest in restomods. These cars typically feature complete powertrain swaps & interior modifications with many of the parts sourced from your catalog.

Although we are a closed event requiring registration, this year for the first time we are opening the event to the public with a general car show & free admittance to the swap meet, along with a parade & meet & greet at a public park.

I know you sponsored Kasia Jones with her beautiful 54 Studebaker restomod. We see her regularly at events & hope to see her at our in Texas.

Would you be interested in participating?

There are many venues you could fill from a sponsorship or an ad in our guidebook, a table at our swap meet and or a technical presentation.

This will be only the 3rd time in 62 years that this event has been held in Texas. We anticipate record crowds as the event has typically been held back east so few west coast members attend. Being centrally located & having the full backing of the city of Waxahachie, I'm sure it's an opportunity you won't want to miss.

You can reach me to discuss details at 817 919 6558

Regards,

Ray Chartrand
