### Coalfield Community Action Partnership, Inc.

1626 West 3rd Avenue P.O. Box 1406 Williamson, West Virginia 25661 Phone (304) 235-1701 FAX (304) 235-1706 www.coalfieldcap.org

#### Dear Weatherization Applicant:

Enclosed is an application for Weatherization services. A dwelling unit is considered eligible for Weatherization if it contains a family unit whose income is at or below 200% of the poverty level (see attached Poverty Guidelines) or a dwelling unit which contains a member who has received cash assistance payments under Title IV or XVI (AFDC or SSI).

Priorities are also established which are first given to elderly (60 years of age or older) occupied units, disabled occupied units and units with children. No application will be processed unless completely filled out. This includes primary fuel type, vendor and account number. The last page of the application only applies to rental homes.

You must return, along with your application, proof of your income, copy of water bill, copy of natural gas bill, (if applicable) electric bill, and one proof of ownership(Deeds/Titles, Property Tax, Mortage or insurance documents. If you do not provide these documents your application will not be processed. Proof of income can be a letter or statement from the income source so long as it is dated within the past six months. If your application for weatherization services is approved, please be aware that proof of income will be re-verified if, prior to the start of work, income documentation is older than six months. Direct deposit and/or bank statements and Tax information cannot be used as proof of income. Payroll check stubs need to be submitted for one month, which may be weekly or bi-weekly. No exceptions will be made.

Please understand this is not a Home Repair Program, but a Weatherization Program. In addition, be advised that there is a waiting list for applicants once approved, but the staff at Coalfield CAP work diligently to serve approved applicants in a timely manner

Completed applications should be submitted to our Williamson office at the following address:

Physical Address: 1626 W. 3<sup>rd</sup> Avenue

Williamson, WV 25661

Mailing Address: PO Box 1406

Williamson, WV 25661

If you have any questions, please contact our office at (304) 235-1701 for Mingo and Boone residents and (304) 965-2400 for Clay and Kanawha.

## Appalachian Power Low Income Program Customer (Homeowner/Tenant)/Property Owner Acceptance

Dear Customer and/or Property Owner:

Appalachian Power Company and Wheeling Power Company ("APCo"), provides the APCo Low Income Program to their customers who are qualifying homeowners and tenants ("Customers") or qualifying property owners ("Property Owners") to help make their homes safer, improve the energy efficiency of their homes, and reduce their energy costs.

The APCo Low Income Program is designed so that it can be coordinated with – or supplementary to – the WV Weatherization Assistance Program (WAP) and other programs to provide comprehensive weatherization, energy efficiency and electrical safety services to our qualifying low-income Customers.

Under this APCo program, we will perform the following:

- 1. Examine the electric wiring, lighting, heating system, water heater, refrigerator, freezer, stove and other electric energy appliances in the homes to verify whether they are operating safely and efficiently and if not, may provide services to address their operation.
- 2. Check the attic, sidewalls, floors, windows and doors to determine if there is a need for additional insulation to the home and if there is, may provide services to address that need.

To effectively weatherize your electrically heated/cooled home, it may be necessary to insulate the wall cavities with cellulose. This involves drilling holes in the walls and putting insulation in the space behind. There are five methods we may use to get behind the wall:

- 1. The exterior siding will be drilled and plugged.
- 2. The exterior siding may be lifted and the sub-siding will be drilled.
- 3. The interior walls will be drilled and patched.
- 4. The interior baseboards and crown molding may be removed and the wall sheathing drilled.
- 5. Drilling through the seal plate and top plate of the wall cavity.

If your home has asbestos siding or other factors which prevent us from drilling through the exterior, you inspector and insulation contractor will determine the best approach to use inside the home.

If you have a mobile home, it is still necessary for you to sign this form. Insulation may be placed in the belly, walls, and roof of the mobile home.

Customers, if you qualify and would like the services under this program performed, PLEASE READ, SIGN, AND RETURN PAGE 2 OF THE FORM in the enclosed self-addressed envelope, if applicable. Customer Tenants must additionally provide a copy of their most recent electric bill.

Property Owners, PLEASE READ, SIGN, AND RETURN PAGES 3 AND 4 in the enclosed self-addressed envelope, if applicable.

# CUSTOMER RELEASE OF ALL CLAIMS AND AUTHORIZATION TO USE DATA

In consideration of the receipt and installation of weatherization materials and appliances, I, the Customer homeowner/Customer tenant at the address below do hereby release, acquit and forever discharge, Appalachian Power Company and Wheeling Power Company, their officers, agents, employees, successors and assigns, of and from any and all actions, causes of action, including by way of illustration but not by limitation, claims, demands, damages, costs, loss of services, expenses and compensation, which I now have or may hereafter have, or that my heirs, executors or administrators can or may have against Appalachian Power Company and Wheeling Power Company, their officers, agents, employees, successors and assigns, on account of, or in any way arising out of the weatherization materials or appliances provided as well as the installation and use thereof.

I authorize <u>Coalfield CAP</u> to release to its designees information about my account about weatherization materials or appliances installed on the property at the address below
