Program of IEOC 2023, İzmir

| 18 October 2023 | Program of IEOC 2023, İzm | ir | | |
|--|--|---|---|--|
| | Section | IEOC | Ttile | Presenting |
| 9:00- all day | Registration | | | |
| 0:00 -10:30 | Opening ceromony Prof.Dr. Nükhet Hotar, Recteur (if she con Prof.Dr. Tamer Albayrak (Congress secret: Prof.Dr. İlhami Kiziroğlu (Congress chairm Prof.Dr. Görkem Akıncı (Organization chai | ary) an) | | |
| 0:30-11:30 | Invited | | Galapagos Islands: Following the footsteps of Charles Darwin | Michael Wink |
| 1:30-11:40 | Break | 0 1 07 | | C. (" P |
| 11:40-13:00 | Migration Chair: Dieter Thomas Tietze | Oral_27 Oral_28 | Unfolding the elusive migratory direction genes in the willow warbler genome The Common Terns In Croatia Migrate Through Two Different Flyways | Staffan Bensch Željko Pavlinec |
| | | Oral_28 | Post-breeding Movements of Common Terns Sterna hirundo in Croatia | Jelena Kralj |
| | | Oral_29 | Potential Impacts of Landfills on Avian Migration: A Geographic Information System (GIS) Based Investigation of the Rift Valley-Red Sea Flyway in Turkey | Gorkem Akıncı |
| 3:00-14:00 | Lunch | | (dis) bused investigation of the first valley ned sea riyway in rainey | |
| | | Oral_35 | Complete mitochondrial genomes of <i>Otis tarda</i> (Otidiformes: Otididae) from Türkiye, | Mehmet Baran |
| 14:00-15:00 | Phylogeography and Phylogeny SALON 1 Chair: Giovanni Forcina | Oral_36 | with the taxonomicimplications Anatolia: a hotspot of avian genetic diversity in the Western Palearctic | Tamer Albayrak |
| | | Oral_31 | Origin of the mysterious black francolin (\textit{Francolinus francolinus}) populations from | Giovanni Forcina |
| | | 0.001 | Greece and northern Africa finally unveiled | Crovarium i Gronia |
| 14:00-15:20 | Climate Change SALON 2 | Oral_10 | Modern Trends in the Dynamics of Avifauna on Kolguev Island in The European Russian Arctic | Petr Glazov |
| | Charles Callin I. | Oral_8 | Pronounced Changes In Populations of Birds On Northern Taimyr, Siberia, Over 26 | Anastasia Popovkina |
| | Chair: Salih Levent Turan | | Years: An Effect of Climate Change? Climate fluctuations and the European bee-eaters' nesting in Tver Region (European | · |
| | | Oral_9 | Russia) | Andrei Zinoviev |
| | | Oral_7 | Predicting the Impacts of Climate Change on Caucasian Black Grouse, a Near Threatened Bird Endemic to the Greater and Lesser Caucasus Mountains | Masoud Yousefi |
| 5:20-15:40 | Break | | | |
| 5:40-17:20 | Conservation SALON 1 | Oral_11 | Status of breeding seabirds on the Mediterranean coast of Egypt from | Mohamed Habib |
| | Chair: Ali Erdoğan | Oral_13 | Impacts of the EU trade ban in the wildlife trade network and its consequences to global invasion patterns | Luís Reino |
| | | Oral_14 | Status of threatened birds in Saudi Arabia | Mohammad Zafarul Islam |
| | | Oral_15 | Preliminary results of long-term monitoring study for persistent pollutants residues at the feather of common kestrel (Falco tinnunculus) in Türkiye | Kalender Arıkan |
| 15:40-17:20 | Wildlife management SALON 2 | Oral_37 | Wind Power Plant Projects and Türkiye | Salih Levent Turan |
| | | Oral_38 | GPS-GSM Tracking As A Tool For Assessing The Hunting Impact On The Migration Of | Elmira Zaynagutdinova |
| | Chair: İlhami Kiziroğlu | Oral_30 | Geese. Investigation of Antalya/Manavgat Case in Terms of Ornithotourism | Hakan Sert |
| 7:20-18:00 | Poster sesion | | | |
| 9 October 2023 | | | | |
| 10:00-11:00 | Section | IEOC | Ttile | Presenting Jan-Åke Nilsson |
| 1:00-11:00 | | | I nermoregulatory strategies during preeding | ***** |
| | Invited Break | | Thermoregulatory strategies during breeding | |
| 1:00-11:20 | | Oral_24 | Song evolution in tits and chickadees (Aves: Paridae) | Dieter Thomas Tietze |
| 1:00-11:20 | Break | Oral_24 Oral_25 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (Alectoris | Dieter Thomas Tietze Bekir Kabasakal |
| 1:00-11:20 | Break Evolution | Oral_25 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (<i>Alectoris chukar</i>) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon | Bekir Kabasakal |
| 1:00-11:20 | Break Evolution | _ | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (<i>Alectoris chukar</i>) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis | |
| 1:00-11:20 | Break Evolution | Oral_25 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (<i>Alectoris chukar</i>) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon | Bekir Kabasakal |
| 1:00-11:20 1:20-13:00 | Break Evolution Chair: Carmen Gache Parasitology | Oral_25 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (<i>Alectoris chukar</i>) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected | Bekir Kabasakal Nathalie Boutros |
| 1:00-11:20 1:20-13:00 | Break Evolution Chair: Carmen Gache | Oral_25 Oral_26 Oral_32 Oral_33 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (<i>Alectoris chukar</i>) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins. A Study on the Prevalence of Blood Parasites in Bird Populations in Turkey | Bekir Kabasakal Nathalie Boutros Andrey Mukhin Ozlem Ozmen |
| 1:00-11:20 1:20-13:00 | Break Evolution Chair: Carmen Gache Parasitology | Oral_25 Oral_26 Oral_32 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (<i>Alectoris chukar</i>) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins. | Bekir Kabasakal Nathalie Boutros Andrey Mukhin |
| 1:00-11:20 1:20-13:00 | Break Evolution Chair: Carmen Gache Parasitology Lunch Ecology Salon 1 | Oral_25 Oral_26 Oral_32 Oral_33 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (<i>Alectoris chukar</i>) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins. A Study on the Prevalence of Blood Parasites in Bird Populations in Turkey The dynamics of abundance of nesting waders and structure of their communities on | Bekir Kabasakal Nathalie Boutros Andrey Mukhin Ozlem Ozmen |
| 1:00-11:20 1:20-13:00 | Break Evolution Chair: Carmen Gache Parasitology Lunch | Oral_25 Oral_26 Oral_32 Oral_33 Oral_17 Oral_20 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (<i>Alectoris chukar</i>) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins. A Study on the Prevalence of Blood Parasites in Bird Populations in Turkey The dynamics of abundance of nesting waders and structure of their communities on the Taimyr Peninsula, Siberia | Bekir Kabasakal Nathalie Boutros Andrey Mukhin Ozlem Ozmen Mikhail Soloviev Cesare Pacioni |
| 1:00-11:20 1:20-13:00 | Break Evolution Chair: Carmen Gache Parasitology Lunch Ecology Salon 1 | Oral_25 Oral_26 Oral_32 Oral_33 Oral_17 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (Alectoris chukar) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins. A Study on the Prevalence of Blood Parasites in Bird Populations in Turkey The dynamics of abundance of nesting waders and structure of their communities on the Taimyr Peninsula, Siberia From winter to breeding season: a close look at avian energy allocation in great tits | Bekir Kabasakal Nathalie Boutros Andrey Mukhin Ozlem Ozmen Mikhail Soloviev |
| 1:00-11:20 1:20-13:00 3:00-14:00 4:00-15:20 | Break Evolution Chair: Carmen Gache Parasitology Lunch Ecology Salon 1 Chair: Luís Reino | Oral_25 Oral_26 Oral_32 Oral_33 Oral_17 Oral_20 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (Alectoris chukar) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins. A Study on the Prevalence of Blood Parasites in Bird Populations in Turkey The dynamics of abundance of nesting waders and structure of their communities on the Taimyr Peninsula, Siberia From winter to breeding season: a close look at avian energy allocation in great tits Small Things Are Important. The Scale-Dependent Association Between Bird Diversity and Singular Point Elements in Farmland Differing in Management Intensity Can An Increase In The Number of Barnacle Geese Lead To A Competition With Other | Bekir Kabasakal Nathalie Boutros Andrey Mukhin Ozlem Ozmen Mikhail Soloviev Cesare Pacioni |
| 1:00-11:20 1:20-13:00 3:00-14:00 4:00-15:20 | Break Evolution Chair: Carmen Gache Parasitology Lunch Ecology Salon 1 | Oral_25 Oral_26 Oral_32 Oral_33 Oral_17 Oral_20 Oral_18 Oral_23 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (Alectoris chukar) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins. A Study on the Prevalence of Blood Parasites in Bird Populations in Turkey The dynamics of abundance of nesting waders and structure of their communities on the Taimyr Peninsula, Siberia From winter to breeding season: a close look at avian energy allocation in great tits Small Things Are Important. The Scale-Dependent Association Between Bird Diversity and Singular Point Elements in Farmland Differing in Management Intensity Can An Increase In The Number of Barnacle Geese Lead To A Competition With Other Goose Species On Breeding Grounds? | Bekir Kabasakal Nathalie Boutros Andrey Mukhin Ozlem Ozmen Mikhail Soloviev Cesare Pacioni Sylwia Pustkowiak Julia Loshchagina |
| 1:00-11:20 1:20-13:00 3:00-14:00 4:00-15:20 | Break Evolution Chair: Carmen Gache Parasitology Lunch Ecology Salon 1 Chair: Luís Reino | Oral_25 Oral_26 Oral_32 Oral_33 Oral_17 Oral_17 Oral_20 Oral_18 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (Alectoris chukar) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins. A Study on the Prevalence of Blood Parasites in Bird Populations in Turkey The dynamics of abundance of nesting waders and structure of their communities on the Taimyr Peninsula, Siberia From winter to breeding season: a close look at avian energy allocation in great tits Small Things Are Important. The Scale-Dependent Association Between Bird Diversity and Singular Point Elements in Farmland Differing in Management Intensity Can An Increase In The Number of Barnacle Geese Lead To A Competition With Other Goose Species On Breeding Grounds? Checklist of Afrotropical bird species observed in the Sahara of Algeria. | Bekir Kabasakal Nathalie Boutros Andrey Mukhin Ozlem Ozmen Mikhail Soloviev Cesare Pacioni Sylwia Pustkowiak Julia Loshchagina |
| 1:00-11:20 1:20-13:00 3:00-14:00 4:00-15:20 | Break Evolution Chair: Carmen Gache Parasitology Lunch Ecology Salon 1 Chair: Luís Reino Ecology Salon 2 | Oral_25 Oral_26 Oral_32 Oral_33 Oral_17 Oral_20 Oral_18 Oral_23 | Song evolution in tits and chickadees (Aves: Paridae) Investigating the genomic distortion of farm-reared chukar partridge (Alectoris chukar) populations using high-density SNP data Reduced species recognition between subspecies of Periparus ater in Cyprus, Lebanon and Turkey: A comparison with acoustic traits and behavioral analysis Dynamics of resting metabolic rate and innate immune response in malaria-infected Eurasian siskins.
