Cyber Awareness Day Resource Kit: Welcome and Overview

Welcome! Thank you for considering **Cyber Awareness Day** for your school. This resource kit contains all the materials you'll need to host a successful event and engage students in learning about online safety and cybersecurity. Below is an overview of the contents:

---

1. Explainer Video:
A short, engaging video that introduces the core concepts of cybersecurity and explains why it's important for students to stay safe online.

2. PDF Presentation Slides:
A general slide deck providing background information on Cyber Awareness Day, including key facts about cybersecurity, event objectives, and the importance of online safety.

3. FAQ Sheet:
A list of frequently asked questions about Cyber Awareness Day, providing answers to common queries and offering additional context for schools considering participation.

4. Sample Presentation Outlines:
Two sample presentation outlines that provide a framework for what the cybersecurity experts will be discussing during Cyber Awareness Day.

5. Sign-Up Sheet:
A sheet for teachers to fill out if they are interested in signing up for Cyber Awareness Day. This helps us coordinate and plan for volunteers and presentations.

If you have any questions or need additional information, please feel free to contact us. We're excited to partner with you and help make cybersecurity education a priority for your students!
