Sample Presentation Outline (Small Group)

Target Audience:
Ideally for Elementary/Middle School

Setup Needed:
Projector
Whiteboards/Markers OR Paper/Pencil

Duration:
45 minutes

Event Title:
"Protecting Your Digital Future"

Event Objectives:
By the end of the presentation, students will:
1. *Define key terms related to cybersecurity (e.g., phishing, digital footprint).*
2. *Identify at least three ways to protect themselves online.*
3. *Recognize how their actions can have long-term impacts*

Event Structure:
1. *Introduction*
   - Welcome
   - Icebreaker Activity: "What Are Things You Do Online Everyday"
2. *Presentation*
   - Engaging visuals on key cybersecurity concepts/definitions (slides)
   - Real-world, relate scenarios students may find themselves in
3. **Group Activity: Scenario Showdown**
   - Students split into small groups
   - Each group provided with a scenario
   - Each group devises a plan on how they'd respond safely
4. **Wrap Up Discussion / Closing Remarks**
   - Key Message Reminder
   - Call to Action

Post-Event Follow Up:
1. *Feedback Survey*
2. *Informational Sheet/Pamphlets/Stickers*
