SILICONE SPRAY

A silicone lubricant spray that is an excellent product to use on tools because other than lubricating, it also reduces friction and helps to drive out moisture for car door hinge.

DASHBOARD & LEATHER WAX

Protectant to effectively restore gloss on plastic, rubber, and vinyl surfaces. Help to protect, condition, and shine your dashboard. Now you have a new looking car interior!

TIRE FOAM CLEANER

Tire shine that comes with an added feature and benefit your tires. While giving them a shiny finish, they also protect against the sun's UV rays. This prevents them from fading and showing signs of aging.

MULTI PURPOSE FOAM CLEANER

You and your kids sometimes sit in these seats when you're sweaty, dirty, or unwell. By thoroughly cleaning car seats — leather, vinyl, or cloth — you'll reduce unwanted odours, and give your car's interior a clean, refreshed look. First, vacuum car seats with a soft brush head, followed by this foam cleaner.

TIRE SEALER AND INFLATOR

The tyre inflators are usually small and portable and can be carried around easily. Good to be equipped for times of emergency.

WHEEL CLEANER

Your rims protect your tires and axels from brake dust, dirt and grime from driving. These often contain corrosive and adhesive materials.

CARBURETOR CLEANER

Easy and affordable carburettor repair maintenance. Carburettor vehicle shows more power and precision in the road test. Well maintained carburettor provides more power and precision during road tests. A clean carburettor also helps reduce exhaust emissions.

ENGINE DEGREASER

A clean engine compartment makes a used car look newer and better maintained. Some shops that perform engine cleaning services claim a clean engine even runs a little cooler because removing the gunk formed by dirt, oil and grease allows engines to run cooler.

PITCH CLEANER

PITCH CLEANER dissolves tar and pitch and provides a totally new and different approach to removing tar and pitch. The traditional way to remove tar and pitch was using clay or towels and rub off tar and pitch. This method might risk scratching the surface.
