PROTECTING YOUR INVESTMENTS - YOUR HORSES AND YOUR TRAILER -

Temp-Coat® ceramic insulation is an innovative and environmentally safe ceramic insulation. It possesses superior insulating qualities for hot and cold applications and far surpasses old fashioned "conventional" insulating materials.

**Does your trailer get Hot in the summer ?
Do your horses Cook inside your trailer ?
Does your bed in your living quarters get COLD in the winter?**

Temp-Coat will solve your problems!

Please come see the Test results @ ceramicroofs.com

The results of these tests prove the efficacy of Temp-Coat® as a thermal barrier when applied to your trailer. The application of Temp-Coat® reduces the amount of time that the air conditioning and heating equipment will need to run, resulting in a more cost efficient Trailer. The addition of Temp-Coat® to your trailer will meet and exceed all of your insulation needs.

- Adheres to almost any surface
- Prevents oxidation and corrosion
- Provides average reduction in temperatures between 20-30 degrees
- Helps prevent condensation.
- Class A fire rating.
- Approved by the United States Navy and Coast Guard
- Helps protect against hail damage.
- Impervious to mold and mildew

DOES YOUR TRAILER HAVE ENOUGH INSULATION?

Please ask your trailer dealer or local distributor about Temp-Coat
