VILLAGE AT MURPHY'S CROSSING CONDOMINIUM ASSOCIATION HANDBOOK

This Handbook, revised by the Board of Directors (Board), is designed to serve as a resource for general information about the community, the rules and regulations by which we shall live, and governing by the Association.

This is not a substitute for the Declaration and Bylaws, which you should read and understand. In the event of a conflict between this Handbook and the Declaration and Bylaws, the Declaration and Bylaws shall be the controlling document. However, it is the responsibility of the Board to *"Adopt rules that regulate the use or occupancy of Units, maintenance, repair, replacement, modification, and appearance of the units."* (See Declarations, Article VII Section 5 Authority (e)). While every effort has been made to assure accuracy, errors do occur. Please feel free to suggest corrections, changes and/or additions. The Board will take suggestions under advisement.

Questions about the Association and its activities should be directed to the Board. Please submit your request for information to the Property Management Company, who will in turn make it available to the Board.

I. UNIT OWNER/OCCUPANT DEFINED

For purposes of this Handbook, a **Unit Owner** is defined as the person whose name is on the title to the unit. An **Occupant** is someone who is renting/leasing (does not own) the Condominium Unit in which they live.

B. The Board

1. A condominium is a group of living units established under Ohio Revised Code Section 5311 and organized around a common plan of governance as set forth in the Declaration and Bylaws as amended. The Board of Directors is delegated by Ohio law and the Association Bylaws, with the responsibility for the operation and management of the common areas of the community and the Association's affairs. The Board has the authority to make decisions and promulgate rules and regulations in an effort to create a harmonious living environment and help to maintain property value.
2. Elections will be held annually at the Unit Owner's association meeting. Any Unit Owner will be permitted to run for a seat on the board. Absentee unit owners cannot run for Board Membership. Unit owners who are delinquent on their Association dues may not run for office or vote. Each Unit Owner who wishes to be considered for a Board position will need to complete a form which can be found on the website or obtained from the Property Management Company.
3. The Board consists of 6 *Village at Murphy's Crossing* Unit Owners. Two members are elected to 3-year terms each year. Terms are staggered such that two positions expire each year.

C. Board Meetings

1. The Board meets as necessary, but no less than quarterly, to review the Association's finances and operations.
2. Board meetings are held on the fourth Wednesday of each month at 7:00 p.m. The Board reserves the right to change the date and/or time as needed.
3. Any owner may be placed on the agenda for the next Board meeting by contacting either the Property Management Company or a Board member at least two (2) weeks prior to the Board meeting and providing the topic to be discussed.

D. How Board Meetings Are Conducted

A topic will be discussed among Board members. Upon completion of that discussion, attending Unit Owners who wish to address that specific topic will be recognized and given three (3) minutes of uninterrupted opportunity to comment. Once all Unit Owners who wish to be heard on that topic have been recognized, the Board will then again discuss that topic and a Board vote will be taken, if appropriate. As needed for confidentiality, the Board may elect to go into an Executive Session at which point the attending Unit Owners will be requested to excuse themselves.

E. Unit Owners Association Meetings

At least one annual meeting of the Association membership will be called with a minimum of five (5) days advance notice. Special meetings of the Association may be called as warranted. An occupant who is renting/leasing a unit may attend annual meetings only to provide proxy voting form with authorization from the landlord of the unit.

F. Committees

Committees may be formed by the Board to assist in the management of community activities and affairs. Volunteer Unit Owners will staff committees, with one or two committee members being designated as Committee Chairperson(s). All Unit Owners are encouraged to be actively involved in their community and volunteer for a committee appointment by contacting any Board member or the Property Management Company. Examples of committees include: Landscaping and Social.

G. Condominium Declaration and Bylaws

1. Every Unit Owner should have received a copy of the Condominium Declaration and Bylaws; these are available on the Association Web Site. For a printed copy you can contact the Property Management Company. Copying charges will be incurred at the Unit Owner's expense.
2. The Condominium Declaration and Bylaws are the basis by which a common plan of governance for the community was created and provides the rules and regulations by which the Association will be run. It is the duty of each Unit Owner to become familiar with the Declaration and Bylaws and to make sure that all individuals who rent/lease their unit are familiar with the Declaration and Bylaws. The Unit Owner is ultimately responsible for any and all violations of the Declaration and Bylaws that may be committed by individuals to whom they rent/lease.

H. Purpose of Rules and Regulations / Amendments

1. The purpose of the rules and regulations of *The Village at Murphy's Crossing* is to establish rules that will preserve our asset (the community), control operating and maintenance costs, and provide for a harmonious living environment for all Unit Owners/Occupants.

2. The condominium industry recognizes that a condominium's resale value lies in the well-kept and uniform appearance of the entire community, and it is to this end that the Board, pursuant to the Declaration and Bylaws, adopted many of these rules and regulations.
3. The Board may amend the rules and regulations from time to time as conditions change. Such changes will prompt a revision page, or pages, to this Handbook that will be posted to the website and notification of the change issued to each Unit Owner.

I. Definition of Common Element

Except that which is defined to be a unit, the Common Element is all of the condominium property including the asphalt streets.

J. Definition of Limited Common Element

1. The Limited Common Element are those portions of the Common Elements (the porch, patio area and driveway area) that serve one Unit and whose use, benefit, and enjoyment are reserved for the Unit Owner/Occupant of that Unit.
2. Even in the "Limited Common Elements", Unit Owners/Occupants must abide by the rules and regulations of the condominium association. Examples of this principle are illustrated below:
 - a. Pet waste cannot be allowed to accumulate on Limited Common or Common Elements consistent with the Powell Ordinance.
 - b. Vehicles will not be repaired in driveways or other Limited Common Elements.
 - c. Sunbathing on the driveway or front porch of the unit is not permitted.
 - d. This list is illustrative only and not limited to the examples cited.

K. Purpose of Common Element

The Common Element is for the sole and exclusive use, benefit, and enjoyment of the Unit Owners/Occupants for the purpose and manner in which such areas and facilities are ordinarily used. All Unit Owners jointly own the Common Element, including the Limited Common Element. No one shall use the Common Element or Limited Common Element in such a manner as to disturb others or alter the Condominium Property in any way that has not been sanctioned by the Board.

L. Activity on Common Element

1. There shall be no playing of organized sports, lounging, parking of wheeled vehicles, benches, chairs on any part of the Common Element except patio/porch areas, (Limited Common Element) and any Board-approved extension of the patio. Any benches in common areas need preapproval by the Board.
2. It is expected that Unit Owners/Occupants will demonstrate common courtesy to adjoining Unit Owners/Occupants relative to noise and activities on patios and porches. Party activities on the common areas and limited common areas (porches and patios) should terminate by 10:00 pm Sunday through Thursday, and 12:00 am on Friday and Saturday night.
3. If personal property is left in the Common Element neither the Association nor the Association's service contractors will be held responsible for maintenance, repair, or replacement of Unit Owner's/Occupant's personal property.

M. Damage to Common Property

1. No activity is permitted on the Condominium Property that might cause damage to lawns, landscaping, buildings, pavement, or other personal property. If damage is caused to any Common Elements or another Unit Owner's property due to actions of a Unit Owner, their household pet, guest, or occupant, the Unit Owner will be responsible for repairs and/or charges as determined by the Board of Directors and/or the Management Company.
2. Unreasonable noises or actions (e.g.: loud music, barking dogs, wind chimes), or any other nuisance or illegal activity are prohibited. All physical or verbal abuse is prohibited. No noxious or offensive activity will be conducted in any Unit, or upon the Common or Limited Common Elements, neither will any Unit be used in any way nor for any purpose that may endanger the health of or unreasonably disturb any occupant.

N. Permitted Uses of Unit

Except as otherwise specifically provided in the Declaration, no Unit will be used for any purpose other than that of a residence for individuals living together as a single housekeeping unit, and uses customarily incidental thereto; provided, however, no Unit may be used as a rooming house, group home, commercial foster home, or fraternity/sorority house, or any similar type of lodging, care, or treatment facility.

Notwithstanding the foregoing, an occupant maintaining a personal or professional library, keeping personal business or professional records or accounts, conducting personal business (provided that such use does not involve customers, employees, licensees or invitees coming to the Unit), making professional telephone calls or corresponding, in or from a Unit, is engaging in a use expressly declared customarily incidental to residential use and is permitted.

O. Noncompliance - Rules and Regs / Formal Complaints

1. Unit Owners/Occupants who have problems with other Unit Owners/Occupants with regard to following the rules of the Handbook are encouraged to try to resolve the issues informally.
2. Any Unit Owner/Occupant who feels that a rule has been violated may file a formal written complaint with the Property Management Company using the form at the back of this Handbook. Once that written complaint is received, the Board and/or Property Management Company will review the complaint and, if warranted (in the Board's sole discretion), send a violation letter to the Unit Owner. The Property Management Company will also send the Unit Owner a copy of this section of the Handbook titled "Noncompliance with Rules and Regulations/Formal Complaint." A copy of the letter sent to the Unit Owner will also be sent to the Board.

P. Complaint Process / Dispute Resolution

1. Complaints must be sent in writing to Towne Properties. This can be done via e-mail or the Formal Complaint form which can be found at the back of this Handbook (see mailing address and e-mail information for Property Management company).
2. Responding to a formal written complaint is always the responsibility of the Violating Unit Owner.

3. The Unit Owner receiving the letter has the following options:
 - a. Comply with the Handbook within 10 days of notification of noncompliance. Once that has been achieved, the Unit Owner should notify the Property Management Company. The Property Management Company will inform the Board when it does not receive this notification within 10 days.
 - b. The right to request a hearing with the Board. In compliance with Ohio Condominium Law, the Unit Owner must deliver written notice to the Property Management Company no later than the 10th day after receiving the formal complaint letter. A hearing will then be scheduled. If the Unit Owner needs to reschedule the initial hearing, the Board will allow for a single rescheduling with a minimum 24 hours prior notice to the scheduled hearing. Should there be a second cancellation; the Board will assume the right to a hearing regarding the formal complaint has been forfeited.
 - c. Refusal to comply. If the Unit Owner does not comply within the allotted time period and does not write a letter to the Property Management Company requesting a Board hearing, the Board may engage someone to perform the necessary work and assess the Unit Owner for the associated expenses. An assessment will also be made against the Unit Owner if this is a repeat violation.
4. Repeated written formal complaints for the same issue will result in escalating assessments to the Unit Owner as outlined in the section of this Handbook titled "Late Fees and Assessments".
5. The anonymity of the Unit Owner/Resident filing a formal written complaint will be protected.
6. If the Board determines that a Unit Owner/Resident has allowed the limited common areas or common areas to become unsightly, the Board can arrange to correct the problem, repair the damage, etc. and assess the Unit Owner for the associated expenses.

III. COLLECTION / ASSESSMENT POLICY

A. Association Dues

1. Association dues are payable to **The Village at Murphy's Crossing Association c/o Towne Properties, 777A Dearborn Park Lane, Worthington, OH 43085** on the first of each month.
2. Please note that automatic electronic transfer of monthly condominium fees is the preferred form of payment to the Association and will ensure the Unit Owner that late fees will not be charged. Unit Owners may wish to receive payment coupons and that can be arranged by contacting Towne Properties.
3. All assessments are due on the 1st day of the month and are considered late if not received by the 14th day of the month.
4. The Association will apply any payments in the following order:
 - a. Interest owed to the Association,
 - b. Administrative late fees owed to the Association,
 - c. Collection costs, attorney's fees, and paralegal fees the Association incurred in collecting the assessment;
 - d. Oldest principal amounts owed for common expenses, enforcement or other assessments, and any other individual assessments charged to the account.
 - e. Current Monthly assessment due.

B. Late Fees and Assessments

1. A late Association assessment of \$25/month will be added to any account delinquent after the 14th of the month or on any balance of unpaid assessments. (Subject to increase upon further notice). An additional \$5/month will also be added to any delinquent account as a fee by the Property Management company covering the administrative processing charge.
2. Any unpaid assessment may result in the Association filing the lien, a suit for money judgment, and foreclosure. While a foreclosure case is pending, partial payments may not be accepted and, if the property is rented, a Receiver may be appointed to collect the rents. Once judgment is obtained, the Association may proceed with post-judgment action, including bank attachment and wage garnishment.
3. Any costs the Association incurs in the collection of unpaid assessments, including non-sufficient bank fees, attorney's fees, recording costs, title reports, and court costs, will be charged back to the account.

4. If any Unit Owner (either by their conduct or by the conduct of any occupant) fails to perform any act required by the Declaration, the Bylaws, or the Rules and Regulations, the Association, after giving proper notice and an opportunity to request a hearing, may levy an enforcement assessment, undertake such performance, or cure such violation. Any costs the Association incurs in taking such action will be charged back to the unit owner account.
5. If a Unit Owner is more than 30 days past due in the payment of any assessment, the Association may suspend privileges including the right to vote, the use of the amenities, or the ability to apply for architectural approval.

C. Returned Checks (NSF)

Any check returned for non-sufficient funds (NSF) will have a handling assessment charged back to the Unit Owners account. Returned checks will be held until a replacement check has been cleared for payment. There will be an assessment equal to the charges received from the bank with an additional \$10/occurrence fee for non-sufficient fund (NSF)/returned checks.

D. Enforcement Policy

1. The Unit Owner is responsible for any violation of the Declaration, Bylaws or Rules ("Governing Documents") by the Unit Owner, guests, or the occupants, including tenants, of his/her home.
2. Notwithstanding anything contained in these Rules, the Board has the right to proceed, immediately or otherwise, with legal action for any violation of the Governing Documents, as the Board, in its sole discretion may determine. The entire cost of effectuating a legal remedy to impose compliance, including court costs and attorneys' fees, will be assessed to the account of the responsible Unit Owner.
3. All costs for cleaning or repairs or both to the common elements or other property stemming from any violation will be charged to the responsible Unit Owner's account.
4. In addition to any other action and if applicable, in accordance with the procedure outlined below, the Board may: a) levy an assessment for damages to the common elements or other property, and/or b) levy a reasonable enforcement assessment per occurrence, and/or c) if the violation is continuous and ongoing in nature, levy a reasonable recurring enforcement assessment per day.

5. Prior to the imposition of a charge for damages to the common elements or other property, or an enforcement assessment for a violation, the following procedure will be followed:
 - a. Written notice(s) will be served upon the alleged responsible owner specifying:
 - i. If applicable, a reasonable date by which the Unit Owner must cure the violation to avoid the proposed charge or assessment; and
 - ii. A description of the property damage or violation; and
 - iii. The amount of the proposed charge (or, if unknown, a reasonable estimate of the proposed charge) and/or enforcement assessment; and
 - iv. A statement that the Unit Owner has a right to, and the procedures to request a hearing before the Board to contest the proposed charge and/or enforcement assessment.
 - v. A reasonable date by which the Unit Owner must cure the violation to avoid the proposed charge or assessment.
 - b. To request a hearing, the Unit Owner must mail or deliver a written "Request for A Hearing" notice, which must be received by the Board not later than the tenth day after receiving the notice required by Item 1 above.
 - i. If a Unit Owner timely requests a hearing, at least seven days prior to the hearing the Board will provide the Unit Owner with a written notice that includes the date, time, and location of the hearing. If the Unit Owner fails to make a timely request for a hearing, the right to that hearing is waived, and the charge for damages and/or an enforcement assessment will be immediately imposed.
 - ii. At the hearing, the Board and alleged responsible Unit Owner will have the right to present any evidence. This hearing will be held in Executive Session and proof of hearing, evidence or written notice to the Unit Owner to abate action, and intent to impose a charge for damages or an enforcement assessment will become a part of the hearing minutes. The Unit Owner will then receive notice of the Board's decision and any charge for damages or enforcement assessment imposed within 30 calendar days of the hearing.
 - c. The Association may file a lien for a charge for damages and/or an enforcement assessment that remains unpaid for more than 10 days.

IV. INSURANCE

A. Association Insurance

1. The Association will maintain appropriate levels of insurance according to Ohio State law and *The Village at Murphy's Crossing Association Declaration and Bylaws*.
2. Check with Towne Properties Management Company for the current insurance carrier.

B. Association Insurance Policy

A copy of the Association's Insurance Policy can be obtained upon request to our agent. Contact information may be obtained from Towne Properties. Copy charges may be incurred at the Unit Owner's expense.

C. Association Insurance Coverage Overview

The Association maintains appropriate levels of insurance for the common areas of the community (inclusive of the Clubhouse and pool), as well as the basic structure (both interior and exterior) of the condominium units as they were at the time the units were first transferred from the developer (builder) to the initial owners at the time of closing.

D. Homeowner's Insurance Coverage

Unit Owners are strongly encouraged to purchase individual homeowner's insurance which provides coverage for personal contents as well as any and all additions, improvements, betterments, and upgrades added to the unit subsequent to when the unit was transferred from the developer (builder) to the very first Unit Owner at closing.

E. Insurance Disclaimer

The above is provided solely for informational overview purposes only. A Unit Owner is responsible for and is encouraged to determine their individual homeowner's insurance requirements upon consultation with a qualified insurance expert. To assist in that endeavor, a copy of the Association's Insurance policy is available from the Property Management Company.

V. UTILITIES

A. Homeowner Responsibility

Unit Owners/Occupants are responsible for maintenance and payment of their own gas, electric, sewer, cable television, telephone and for calling to initiate service on the date of possession.

B. Association Responsibility

The Condominium Association pays for the electric, gas and sprinkler maintenance for the Common Element, the pool, Clubhouse, landscaping, pond maintenance and pool maintenance. In addition, water, trash and recycling pickup are paid for by the Association as of this revision of the Handbook.

C. Trash and Recycling

1. The Association, through Rumpke (740-881-4334), provides trash receptacles for both trash and recycling in order to keep our community clean.
2. Place the Refuse receptacles at the street after 6:00 p.m. the evening before collection. Refuse containers must be returned to the inside of the garage the evening of collection day. Should wind blow trash around the community, the Unit Owner/Occupant is responsible for picking it up and appropriately disposing of it.
3. Collection day is Tuesday and collection can begin as early as 6:30 a.m.
4. On major holidays i.e., Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas and New Year, the trash may be picked up one day later, but will return to Tuesday on the following week. Go to Rumpke.com for the annual Holiday Schedule and trash details.

D. Snow Removal

1. Snow plowing should begin when the snow or ice reaches a depth of 2 inches. Snow will be removed to the end of the nearest open area on the parking surface. The drives and access to surface streets are the first priority. Sidewalks, mailbox areas, stairs, handicapped ramps and other access points will be cleared in the most efficient manner possible, weather permitting.

Residents should understand that sidewalk crews might not work safely if temperatures and wind conditions combine to make wind chill factors below 0 degrees Fahrenheit. In these conditions, the contractor reserves the right to stop sidewalk crews from working until conditions improve.

If warmer temperatures are anticipated which would naturally remove the accumulated snow quickly, plowing will be cancelled for minor snow falls.

2. A Salt alternative (ice melt or other ice melting material) will be applied to asphalt only and will be done only with prior approval of the Property Management Company or designated representative to any area that is deemed hazardous.
3. Calcium chloride or other non-destructive de-icing agents will be used in moderation on the concrete driveways, walks and porches. Use of Salt on these areas is *prohibited*.
4. Calcium chloride or other non-destructive de-icing agents may be used in moderation on the concrete patios by unit owners. Use of Salt on concrete patios is *prohibited*.
5. The contractor will ensure that all curbs, drives and all turf areas are protected from damage from equipment. Should damage occur, the Property Management Company will notify the contractor in writing within 12 hours and the contractor will be held responsible for repair and/or replacement.

Any damage noted by unit owners should be communicated to the Property Management Company.

6. Please keep parked cars off of roadways during snow removal.

Additional plowing necessitated by parked, and subsequently moved, vehicles can result in additional charges to the Association.

VI. HOMEOWNER'S MAINTENANCE

A. Interior Maintenance

All interior maintenance issues, including those that constitute emergencies, are the responsibility of the Unit Owner. Please see the complete list at the back of this Handbook.

B. Exterior Maintenance

Unit Owners are responsible for maintaining those items outlined as Owner responsibility on the list at the back of this Handbook. Maintaining such items includes, but is not limited to, repairing damages, and replacing non-functioning elements.

C. Modifications and Alterations to Property

1. Board approval is required for any modification or alteration to the Common Element or Limited Common Element. Only Unit Owners may request an Exterior Modification. Occupants may not request Exterior Modifications. The Unit Owner desiring approval for a modification/alteration will submit complete plans to the Property Management Company, including specifications showing the nature; kind, shape, height, materials, color (must be a neutral color that blends well with exterior of the condo), and location, desired start and anticipated completion dates, for the desired alteration/modification. Please use the Exterior Modification Application form in the back of this Handbook. A submitted application does not in any way infer approval.
2. The Board may require the Unit Owner to obtain written approval of the proposed modification/alteration from other Unit Owner common to the same building.
3. The Board will vote on the request for exterior modification/alteration after the Unit Owner has supplied all requested documentation.
4. Reasons for the Board not to approve a submitted plan for modification/alteration include, but are not limited to,
 - a. The proposed modification/alteration would interfere with Common Element maintenance (such as lawn mowing, etc.);
 - b. The proposed modification/alteration would not be aesthetically appropriate in that its appearance, color, character or materials would conflict with the character of the community.

- c. Request for modification/alteration submitted by other than an Owner.
 - d. Request would have undue neighbor impact.
5. With written Board approval, but prior to initiating the modification/alteration, the Unit Owner will sign appropriate documents that will:
- a. Define the scope of the modification/alteration approved;
 - b. Acknowledge that the granting of Board approval does not in any way constitute a change in the definition of the property, and that it remains defined as Limited Common Property;
 - c. Hold the Unit Owner, or subsequent Unit Owner, responsible for all maintenance and or damage repair to the modification/alteration, irrespective of how that damage was created. The Unit Owner, or subsequent Unit Owner, is also responsible for any additional maintenance or repair costs realized by the Association as a direct result of the presence of that modification/alteration (i.e. staining/painting of decks, mulch in new landscaping, etc.)
6. Any variation in installation from that represented on the original approved application for exterior modification/alteration must be approved in writing. Failure to do so will result in an enforcement assessment.
7. If any landscape, public improvements or utilities are damaged or destroyed during any phase of the exterior modification/alteration, the Unit Owner shall, at their expense, replace and/or repair such damage. Failure to do so will result in an assessment.
8. The Board will respond within 60 days to a written request submitted on the Exterior Modification Application form at the back of this Handbook. Failure of the Board to respond within 60 days will constitute approval of the request. This Bylaw cannot be invoked until the Unit Owner has demonstrated proof of submission of the Exterior Modification Application form and proper Board notification (i.e., certified mail, return-receipt requested).
9. It is the responsibility of the seller to disclose to a new Unit Owner any and all architectural/landscape changes or improvements that are the responsibility of the new Unit Owner to repair or maintain. If necessary, please contact the Management Company to identify previous architectural/landscape changes to a unit.

VII. CLUBHOUSE / POOL / EXERCISE ROOM

A. Clubhouse Rentals

1. Be advised that Unit Owners who are not current on the payment of their Association dues will not be permitted to reserve or use the Clubhouse, pool, or exercise room until such time as the dues are brought current. In addition, all voting privileges are suspended when a Unit Owner is delinquent on their Association dues.
2. The Unit Owner/Occupant must make reservations by contacting the Property Management Company.
3. Unit Owner/Occupant must be present for the duration of each reserved event. Failure to do so will result in an assessment.
4. The Property Management Company will maintain the reservation calendar forwarding a copy of the calendar to all members of the Board.
5. No more than one event will be scheduled for the same day.
6. Reservations will be made on a first-come, first-served basis. The reservation date will not be held beyond 7 days should the deposit not be received within that time period. For example, if you reserve the Clubhouse for June 10th, your deposit must be received by the Property Management Company within seven (7) days of making the reservation but no less than four (4) days prior to the event. If the reservations are made with less than four (4) days' notice, the Unit Owner/Resident must personally deliver the check to the Property Management Company.
7. Reservations will require two (2) checks each made out to the Village at Murphy's Crossing COA. One check for \$150 deposit which shall be refundable if the Clubhouse is restored to good order which includes vacuuming the entire facility, cleaning restrooms, cleaning kitchen appliances, damp mopping the floors, removing trash to their own trash receptacle, etc. The 2nd check is for \$35 and is the cost for the use of the Clubhouse. This check is not refundable.
8. Upon post-event inspection, the Property Management Company will cash the \$35 check and return the \$150 check after it has been determined the Clubhouse was left in satisfactory condition.
9. The Property Management Company may determine that additional fees be deducted from the deposit or that additional assessments levied beyond the \$150 deposit fee should the damages, repairs, or additional cleaning exceed \$150.

10. Rental of the Clubhouse does not include use of the swimming pool unless specifically requested and approved in writing by the Board.
11. The Exercise Room is off-limits to partygoers and must be closed off during events scheduled at the Clubhouse.
12. Smoking is prohibited in the Clubhouse, exercise room and around the pool.
13. DJ's, extra stereo equipment or live music are prohibited to be set up outside the Clubhouse. This is a courtesy to Unit Owners/Residents living in close proximity of the Clubhouse.
14. Unit Owners/Occupants with approved reservation for the Clubhouse/Pool must observe all Clubhouse/Pool/Exercise Room rules.
15. The Clubhouse, including Pool area and restrooms, must be left in clean condition and all trash removed after events scheduled by Unit Owners/Occupants.
16. Per the building code, no more than 93 people are permitted in the Clubhouse at one time.
17. After Clubhouse events, the thermostat is to be reset to 63 degrees in the winter and 80 degrees in the summer to minimize the costs associated with heating and cooling.
18. The Village at Murphy's Crossing Condo Association and the Property Management Company will not take responsibility for any injuries that occur before, during or after the scheduled event, or as a direct result of the use of the Clubhouse or any other facilities of the Village at Murphy's Crossing Condo Association.

B. Non-Resident Use of The Pool / Clubhouse / Exercise Room

Only Unit Owner/Occupants are permitted to use the Pool, Clubhouse or Exercise Room. All others must be accompanied by an adult Unit Owner/Occupant.
