Fort Atkinson hasn't been fully merged in yet with us. Seatbelt pledge upper safety states we should sign it, and the post office claimed they won't use it against you for discipline. With the new contract we have to start prepping for new LMOU's. The no-lunch won't be a problem anymore. Route inspection training for us to understand how the inspection's are counted and timed. Brian Renfro was at regional training he talked about the contract that expires on May 28th, talked about Step B there are a ton of cases, they had to put together a refocus team to deal with our cases in Sector 7. Act of God grievances are in Step B will probably not be done this year.
