

EZ17

Tracked Zero Tail Excavator

Compact, powerful, and maneuverable

The EZ17 compact excavator is the most powerful zero tail excavator in its class. The large-volume diesel engine, LUDV (Load Sensing System) and an innovative cooling system provide the highest levels of performance and efficiency. The compact and durable design guarantees a long service life. The EZ17 offers the operator an unrestricted field of vision through the roof window.

Highlights

- Optimally protected stick and lifting arm cylinders
- Powerful drive system with LUDV
- Maintenance and disassembly easier than ever before
- 100% zero tail
- Canopy with roof window

Technical Data
