PRODUCT GUIDE

BUILT STRONG **BACKED BY SERVICE**

U.S. Company Since 1998

DEDICATION TO SERVICE

- MAGNA's experienced and knowledgeable team aims to respond to requests within minutes
- Offering same day shipping on orders received by 2 pm local time
- Long and custom length hoists ship the same or next day as ordered

PREMIUM QUALITY AND DESIGN

- All hoist products load tested to 150% of rated capacity
- Designed for quick and inexpensive repairs
- 18% more robust design than the major competitors
- Lifetime warranty from manufacturer defects

ABOUT MAGNA

MAGNA Lifting Products is a U.S. company that has been successfully providing the North American market with premium level lifting products for over 20 years.

MAGNA's lever, hand chain, and trolley products are manufactured in South Korea with all Korean steel and parts, which allows us to provide our customers with a durable, reliable product at an economical price.

CONTENTS

02

LEVER HOISTS

CAPACITIES UP TO 15 TON

Heavy duty rated design for vertical or horizontal lifting applications.

02

04

HAND CHAIN HOISTS

CAPACITIES UP TO 50 TON

Heavy duty rated design for vertical lifting applications.

04

08

BEAM CLAMPS

CAPACITIES UP TO 20 TON

Options for above or below the hook.

08

10

TROLLEYS

CAPACITIES UP TO 20 TON

Heavy duty rated design available in geared and non-geared versions for operation on a wide range of beam sizes.

10

11

WIRE ROPE PULLERS

CAPACITIES UP TO 3 TON

Compact and light weight design for use with any length wire rope.

11

LEVER HOISTS

PRODUCT DETAILS

- Manufactured in South Korea
- Completely repairable with easy access design
- Load tested to 150% of rated capacity
- Meets all applicable ANSI/ASME standards
- Single-hand control of free-chain function
- Weston Style Load Break
- Low temperature grease functions to -45°C (-49°F)

STANDARD LENGTHS:

5', 10', 15', 20' Long length and custom lengths available

ACCESSORIES

OVERLOAD INDICATOR HANDLE

Handle will bend and show a red indicator when overloaded. Designed to be bent back to the original position and reused.

SHIPYARD HOOK

Flat tipped hook to mitigate tip or point loading.

SELF-LOCKING HOOK

Positive locking latch designed not to open during load.

ELECTRO GALVANIZED CHAIN

Suitable to withstand corrosive environments.

CHAIN

Available with U.S.A. manufactured grade 100 load chain.

ACCESSORIES

OVERLOAD SLIP CLUTCH

Prevents the hoist from being used to lift loads beyond the rated capacity.

SELF-LOCKING HOOK

Positive locking latch designed not to open under load.

LUG MOUNT FOR LOW HEADROOM

Lug mounting to tuck the hoist up to the anchoring device and reduce total headroom.

ELECTRO GALVANIZED CHAIN

Suitable to withstand corrosive environments.

CHAIN BAG

Contains loose chain to protect equipment and increase safety.

LEVER HOIST HIGHLIGHTS

Steel grip ring for **increased durability**

Central bushing that fixes the axis of rotation of the pinion shaft to create a **smoother and stronger overall operation**

Machined and case hardened ratchet gear with deep-cut teeth for **increased strength and durability**

Single-hand control of free-chain function for **easy and quick operation**

Two pawl gear engagement for **increased safety and power**

Long length rubber grip with stamped ribs to accommodate **diverse sizes** of hands and application environments

Robust, drop forged alloy steel hooks with wide throat openings for **durability and versatility**

SIMPLICITY

Minimal number of parts to allow for simple and inexpensive repairs.

LOAD TESTING

Load tested to 150% of rated capacity.

CHAIN HOIST HIGHLIGHTS

Stamped steel casing for **reduced weight** and with high-strength hardware for **increased durability**

Considerably large brake surface area for **increased performance**

Machined and case hardened gears with deep-cut teeth for **increased strength and durability**

Spring and anchor system designed to facilitate easy hoist repairs and modifications

Robust, drop forged alloy steel hooks with wide throat openings for **durability and versatility**

SIMPLICITY

Minimal number of parts to allow for simple and inexpensive repairs.

LOAD TESTING

Load tested to 150% of rated capacity.

BEAM CLAMPS

PRODUCT DETAILS

- Designed for use above the hook as an anchor point
- Load tested to 125% of rated capacity
- Meets all applicable ANSI/ASME standards
- Easy installation and adjustable design
- Threaded screw locks in place for additional safety

ENTERTAINMENT INDUSTRY PRODUCTS

Black Powder Coated Finish

BEAM CLAMPS

- 1 ton capacity
- Round eye or pin style

CHAIN FALLS

- 1 ton capacity
- Black colored load & hand chains
- Chain bag optional

CUSTOM HOISTS

12 TON // LH1200

20 TON // CH2000

Full range of high-capacity lever and chain hoists. *Hand chain hoists available up to 50 ton and lever hoists available up to 15 ton.*

Custom length hoists, made per foot, readily available. *Includes load chain and hand chain.*

Long lift length hoists readily available. *No maximum length.*

OPTIONS & ACCESSORIES

SHIPYARD HOOK

Flat tipped hook to mitigate tip or point loading

Available for lever hoists of 1 1/2 and 3 ton capacity

SELF-LOCKING HOOK

Positive locking latch designed not to open under load

Available for lever hoist capacities of 3/4, 1, 1 1/2, and 3 ton and for hand chain hoist capacities of 1 1/2 ton

OVERLOAD SLIP CLUTCH

Available for hand chain hoists to prevent the hoist from being used to lift loads beyond the rated capacity

CHAIN BAG

Nylon chain bags to organize chain and provide a cleaner look.

Available for hand chain hoists up to 5 ton capacity.

OVERLOAD INDICATOR HANDLE

For lever hoists to indicate an overloading beyond the rated capacity

Handle is designed to be snapped back into standard operating position and reused after load is reduced to below rated capacity

U.S.A. LOAD CHAIN

U.S.A. manufactured, grade 100 load chain available for a majority of hoist models

REPAIR PARTS

Repair/Replacement parts available quickly and affordably.

ELECTRO GALVANIZED LOAD CHAIN

For applications which require a more corrosive resistant chain

HIGH CAPACITY HOISTS AND TROLLEYS

Lever hoists, chain hoists, and trolleys available at capacities up to 50 ton
