

## Welcome to Our eNewsletter!

*SCOC Consulting* was created in June 2021 with the goal of building learning experiences and sharing resources across the globe. Our team of consulting partners has a variety of professional experiences in adult education, distance teaching and learning, staff development and training, learning design, strategic planning, and program development and evaluation.

Our approach is based on a holistic way of thinking about learners, learning, and course design based on evidence-based principles and strategies. Our service includes comprehensive consultations to help educators, designers, and administrators understand and apply global strategic thinking, intentional learning design, curriculum development, instructor training, and program evaluation.

We offer a virtual community and podcasts to engage with our audience. **Subscribe** to our website to get updates, listen to our **podcasts**, and join our virtual community.

[Adult Learning Exchange \(ALE\) Virtual Community](#)

Our website offers the Adult Learning Exchange (ALE) Virtual Community, a free interactive site,

for educators, administrators, scholars, and students interested in topics related to adult learning.

Anyone is welcome to suggest categories of topics for the virtual discussion. The only requirement is that at least one moderator is identified for each category and that the topic and the moderator are approved by SCOC Consulting.

You're welcome to join any of the discussions available in the site; they are open to the public. Be sure to sign up with [Disqus](#) and subscribe to the discussions.
