ABOUT PEER SUPPORT

Peer Support is a non-clinical process of listening, encouraging, sharing knowledge & skills, and providing assistance to peers in order to help them effectively deal with the challenges, stress, and traumas experienced through their work and personal life.

CLASS DESCRIPTION

This 3-day Peer Support training class will introduce the student to the process of peer support and equip them with the knowledge and techniques necessary to provide emotional support & practical guidance to other 1st responders who are in need of assistance.

This class consists of both classroom lecture and reality-based training scenarios. Throughout the course students will learn best practices, participate through interactive discussion, and engage with practical exercises applying and showing understanding of what they have learned.

ILETSB MANDATES
