

WELCOME TO THE 2026 APPLE FESTIVAL

Dedicated Vendor Wi-Fi is provided courtesy of:

RiverWave Broadband
Fully Fiber. Truly Local. Better Internet.

We're excited to help keep our local vendors connected all festival long! RiverWave is pleased to provide you with access to a **dedicated, password-protected Wi-Fi network**.

VENDOR WI-FI NETWORK / SSID

Choose the network that is closest to your booth or shows the strongest signal.

NOTES

- That is the number zero "0" between the C and the H
- All letters are capitalized
- You must have the "!" (exclamation point) at the end
- All networks listed above have the same password
- This network is for the POS Systems only, other devices can use the public wi-fi network.
- Fiber networks are resilient and dependable but always be prepared to keep up and running in case of an outage – Have a Mobile Hot Spot AVAILABLE

🍏 For Vendors Only, Please!

To help keep the network secure and reliable for everyone, please keep the Wi-Fi name and password confidential and share it only with authorized festival vendors. This helps protect your connection—and your fellow vendors, too!

You bring the apples. We'll bring the fiber. 🍏
