

January 21, 2026

Dear Plaza Resort Club Owners:

As you know, Plaza Resort Club held a special owner meeting on January 9, 2026. At that meeting, the owners resolved by 88% vote to end the timeshare arrangement and sell the property on behalf of all owners. Each owner of the Club will receive a proportional share of the proceeds.

More information about the meeting can be found at this website, dedicated to owner information about the sale: <https://plazaresortclub.info> .

You may also use the QR code, located at the bottom of this page.

Lemonjuice Solutions, which is contracted to conduct the title and organizational services related to the sale, will continue posting on this website new information as it becomes available, including updates about the sale effort itself. So please check back frequently.

You may also ask questions about the process and the sale via the site's questions agent, and we will respond to you.

Thank you for being an owner of Plaza Resort Club and for your participation.

Best Regards,

Lemonjuice Solutions.
