Our artists have a wide variety of interests and skills. From traditional works to unique and fanciful creations, there's something for everyone. Painting and drawing in all media, ceramics, bronze and wood sculpture and turning, stained glass, screen printing, graphic design, and a variety of photographic styles are all used to express our members' visions. Their skills encompass the whole spectrum from beginners to renowned professionals.

We are also fortunate to include many art supporters who want to encourage artistic achievement and help to make visual art an integral part of our everyday lives.

# WHO WE ARE

We are a non profit organization. Our members are people who have mutual interests in expressing ourselves through art.

The Peninsula Art Association was organized in 1990 to bring Olympic Peninsula area visual artists together to exchange ideas and information.

We wish to contribute to the motivation and recognition of our members while providing opportunities for education and instruction.

We include artists of all media and those interested in the Arts.

You don't need to be a member to attend our meetings, but we encourage you to support our efforts.

Membership includes a monthly newsletter to keep members up to date on upcoming meetings, programs, shows, events, new members, and other items of interest.
