## Syllabus for First Terminal Examination Sept 2021

Class	11
Subject	Chemistry

- Total Chapters : Chapter 1 to 5
- Maximum marks : 50
- Time allowed : 3 H
- Total Number of Questions:
  - Q.1 to 20 Objective type Questions (MCQ, Fill ups and True/false) carrying 1 Mark each
  - Q.N. 21 to 29 Subjective Type Questions (Carrying 2 Marks each)
  - Q.N. 30 to 33 Subjective Type Questions (Carrying 3 marks each)
- Chapter wise distribution of Marks

Chapter	1	2	3	Total Questions	Total Weightage
1	2	2	1	5	9
2	3	2	1	6	10
3	5	2	-	7	9
4	6	2	1	9	13
5	4	1	1	6	9
Total	20	9	4	33	50

- No questions will be asked from syllabus deleted by HPBOSE.

Sr. No.	Unit/Chapters/Topics	Deleted Topic
01	Some Basic Concepts of chemistry	Historical approach to particular nature of matter (Page 3,4,5) Dalton's Atomic theory (Page 16) (1 Lecture)
02	Structure of Atom	Discoveries of electron, proton, neutron (only Experimental portion) (Page 30, 31, 32) Thomson's Model (33) (Period 2)
03	Classification of Elements and periodicity in prosperities	Significance of classification (Page 78) Historical developments (78) (74,75,76&77) (Period 2)
04	Chemical Bonding and Molecular structure	-Nil-
05	States of Matter, liquid and gasses	Liquid state of matter (154,155,156,157) Liquefaction of gases (152,153) (Period 5)
