"Not only do you get to order from great human beings, but if you are patient, willing, and spend time figuring out what you like and don't like to eat, CHOMP can actually become part of your extended family. Thank you for always being there!" -Sarah McGrew

"Thank you to CHOMP and Blackstone for the help and quick response! I forgot something on my order and called the restaurant to see if I could add it. She said she would contact CHOMP and get it sorted, and I already have an updated receipt showing the addition. Amazing service and I appreciate you all!! -Jennifer Wilkins
