“Not only do you get to **order from great human beings**, but if you are patient, willing, and spend time figuring out what you like and don't like to eat, **CHOMP can actually become part of your extended family**. Thank you for always being there!” -Sarah McGrew

“Thank you to CHOMP and Blackstone for the **help** and **quick response**! I forgot something on my order and called the restaurant to see if I could add it. She said she would contact CHOMP and get it sorted, and I already have an updated receipt showing the addition. **Amazing service** and I appreciate you all!! -Jennifer Wilkins
