We aim to shoot regardless of the weather, and it is essential that you wear the right clothes for the event. There is no such thing as bad weather only a poor choice of clothes! We shoot from a grass base and therefore we advise the use of strong sturdy footwear for the event with a second set of footwear for the return journey.

## Toilet Facilities

Our shooting ground covers 900 acres and therefore we do not have any toilet facilities, but plenty of bushes.

## Vehicles on Site

Kent & Sussex Shooting School take no liability for your travel on site, car parking and or contents associated with your vehicle.

## Arrival Time

We kindly request that you aim to arrive to your session 15 minutes before your planned session. Please note that if you are late for your session that we may have to reduce your number of shots as we have other sessions planned.

## Legality to Shoot

On arrival to the shooting ground you (and your party) will be asked to sign a declaration statement relating to Section 21 of the Firearms Act 1968. Section 21 applies to anybody who has been sentenced to imprisonment or to youth custody or detention in a young offenders' institution for three months or more.

If the sentence was three months or more but less than three years, the prohibition lasts for five years from the date of their release. If the sentence was greater than three years, then the prohibition extends for life.

It is an offence for a person to transfer, let or hire, give or lend a firearm or ammunition to someone whom he/she knows has reasonable grounds for believing to be prohibited by Section 21. Section 21 of the Firearms Act 1968 covers persons who are banned from being in possession of firearms or ammunition. It is an offence for a shooting range operator to knowingly allow persons who are banned under section 21 from using guns at the range.
