HAPPY 14TH BIRTHDAY TOTS TO TEENS

Co-founders Patti Minicucci and Jennifer Ruckner were colleagues in Stafford County Public Schools.

After working together to pilot speech and language preschool programs in the SCPS, they decided to venture out into the world of private practice in 2008. On April 1, 2008, Tots To Teens was born with the intention to provide speech and language services to families in Prince William and Stafford counties emphasizing treating the child while including the whole family. Tots To Teens Therapy was two speech-language pathologist moms who wanted to provide services that helped the entire family as they too raised their families.
