

My Words: D F#m G A

Write these words that I say, May they be something Beautiful

Hear my heart as I speak, may it be truth unfolding

seek my words they give light and love, understanding

you're my hearts desire, in this life, Ever-changing

G D A Bm A

Chorus:

Will you hold on these words, that bring life, they bring freedom

will you live and abide in my truth, everlasting.

D F#m G A

So sing these words that I've left, May it be something Beautiful

write them down on your heart, let them be alive in you

For you are my greatest joy, greatest work, o how I love

Put your hope in my word, I am close, I am near you
