Registered Contractor (Domestic)

That BALI difference

BALI

Founded in 1972

The British Association of Landscape Industries (BALI) is the leading Trade Association for Landscape Contractors, Designers and Suppliers.

Over 1,700 members, of which more than 850 are Registered

50+

Covering 50+ disciplines from Fencing, Ponds and Water features, Hard and Soft Landscaping, Decking, Arboriculture and Swimming Pools

BALI members have been creating beautiful schemes for over 45 years, deploying the very best skills and latest products and materials to deliver projects that not only transform spaces but also inspire future generations to enjoy the rich and diverse landscape around them and improve the quality of life for everyone

Building your own private paradise

Looking for experienced Landscape Contractors to build and construct the garden of your dreams?

Want to turn your private space into the perfect paradise, using professional experts that deliver services to the highest standard of excellence?

Then look out for the BALI Registered logo, which promotes BALI's mark of quality and trust.

BALI Registered Contractors deliver outstanding gardens that truly are breath-taking.

Using the latest building techniques and exceptional quality materials, from groundwork to paving, planting to pond construction, our members transform spaces that you will be able to enjoy for years to come.

Confidence in BALI and its members

Registered Contractor members undergo a stringent vetting process, including the review of business documents. Trade and client reference checks are also carried out to ensure the highest levels of service and workmanship have been provided.

Applicants are also asked to undergo a vetting visit whereby the companies internal processes are reviewed and workmanship is scrutinised. Only on successful completion of this visit will membership be granted.

Finally, applicants agree to BALI's Terms and Conditions of Membership and strict Code of Conduct. This ensures our members are fully committed to maintaining and improving the landscape sector by seeking to achieve and maintain the highest standards of business and professional expertise.

Peace of mind from BALI

Our members undergo a Quality Standards Review (QSR) to ensure they are maintaining the required standards of BALI membership. In the unlikely event that your project does not go as planned, rest assured that BALI is here for you.

We offer a complimentary Dispute Resolution Service (DRS) which provides an easy-to-use, accessible mediation platform in case things don't go as planned. Although the service does not provide legal advice, it can offer a welcome relief if communication breaks down between you, the client, and the Contractor.
