

# **PRAISE REPORT AS OF 6-29-24**

# This report comes From Innocent In Malawi, AFRICA

SHALOM brother. We are leaving to-day. Good news, one Muslim brother has also requested us to stop on the way to have some study with him. I gave him one of our FIGTREEGENERATION RESOURCES, the booklet called BOTH MUSLIM AND CHRISTIANITY BELIEVE IN ONE GOD. That caused him to be shocked and asked us who we are? We need special prayer for this man ...We started our door-to-door witness today

This is a primary school teacher, a Sunday keeper. We studied with him about the original Hebrew Names, how Christianity was invented, and what should I call myself. We gave him extra booklets, and he has promised to study again for himself and share with his fellow teacher at Nchilamwini primary school.

While we were there with the teacher, the Group village Chief came and asked what was in the box on my bike. I told him, these were Bible study books with original Hebrew Names. He was shocked to hear that there is a group who use original Hebrew Names and keep the feasts. He is a Muslim. He commented that in their holy book Qur'an they have some Hebrew Names, they both were Muslims, and they asked me to give them some booklets. So, I gave them the booklet to worship in vain in our local language.

From there we went to another group. This man we had been studying with. He went to tell others and called us to help him explaining more about dawn day start. By the end of the day, they understood the subject. We departed around 5pm and tomorrow I want to rest and do service for the motor bike.

We would like to thank Almighty Yahuah for His mercies, we went to meet with the old SDA Pastor and his group again as he requested,.

This boy received the message from the old Pastor and then he took the message to his mother who has just started to be a SDA , and after the mother received the message, she was very excited. This young boy explained to his mother about original Hebrew Names Yahuah and Yahusha, and dawn day start.

This is the mother, her husband is in prison but sadly the husband chastised the boy because he accepted the Sabbath truth before he meet the old pastor. But now both have accepted our teachings, where we had another today of how the pagan names originated, and dawn day with scriptures proof starting from Genesis 1:3-5 and Matthew 28:1. Praise Almighty Yahuah, please continue praying for these souls including the old SDA Pastor whose wife is still unwell. We have just arrived around 16:30, travelling since morning. Shalom 🙌🙌

Greetings from Uganda, I'm here to thank Our heavenly Father Yahuah for our recent concluded gospel mission to Kakumiro district. The mission was packed with different activities including end times seminar, where we taught believers to be very watchful in these end times, many events are happening to keep us alert that anytime this world could be over. ...

... we encouraged believers to forsake and let go anything that hinders them to have a healthy relationship with our heavenly Father. Many believers repented to our heavenly Father. I was surprised when i saw many believers reconciling to each other and asking for forgiveness from each other so that they can be free from any conflicts so that they can freely seek and serve Elohim without any problem. Besides the conference, we did door to door evangelism and baptized **8 youth and teenagers** that accepted Yahusha as their savior, this was a very special moment for this community as many believers came to rejoice with the new converts.

We gave out lots of clothes to the needy sisters and brothers in this fellowship. Many of these people can't afford to buy clothes because of poverty and the hard life they are facing, therefore, sharing clothes with them was a miracle to many of them. We also bought some books and pencils for some needy kids in this community, and they were very happy for the gifts. They are asking us to go back and teach more. Therefore, we want to thank our heavenly for enabling us to serve them in this community. The mission was very successful. ...

We want to thank each one of you that contributed towards this great kingdom work in Uganda, many people are getting saved, getting closer to Elohim and getting transformed by the true gospel of Yahusha that we always share with them. We pray that our heavenly Father Yahuah will richly bless you so much and keep you in good shape and health to keep on seeking and serving HIM I have attached different photos for different activities for this mission. With love and blessings from Uganda Dan and Irene.

A photograph of a church service taking place in a simple, rural building with mud-colored walls and small windows. A woman in a light blue and white striped shirt stands at a red podium, reading from a book. She is positioned in front of a large white cloth backdrop. The congregation, consisting of men, women, and children, is seated on wooden benches. Some people are holding books or papers. The floor is made of dirt. The text "People need to hear this message Of salvation!" is overlaid in large, bold, yellow letters with a black outline.
