A man in a light blue shirt and dark pants stands in a field of tall grass, blowing bubbles. The scene is set against a dark, overcast sky. The text "WE ARE FORTY MEN OF YAHUWAH" is overlaid in the center in a bold, white, sans-serif font. Numerous bubbles of various sizes are scattered throughout the image, some in the foreground and some in the background.

**WE ARE  
FORTY MEN  
OF YAHUWAH**

The image features a solid black background with several translucent, realistic-looking bubbles of various sizes scattered in the corners. The bubbles have highlights and shadows, giving them a three-dimensional appearance. The text is centered in the middle of the page in a white, sans-serif font.

During the years of the dark ages, 40 men of YAH were dragged out of their houses in a cold winter night, carried out on the middle of a frozen lake and then they were soaked with water and put in a place out in the lake where the wind howled unobstructed against their form and they huddled together knowing that they could NOT live very long.

And on the shore the Romans pitched camp and build a huge fire and they sent words to those forty men out there on that lake about freezing to death. That if any of you are ready to RECANT, you may SIMPLE indicate the same by walking out of that group, that little UNPOPULAR MINORITY and take the stand with the MAJORITY. Come over and join us at the fire, THAT'S ALL you must do, come on over. And warm up with us.

Those men stood SHIVERING and PRAYING, and they began to SING together, FORTY MEN OF YAH ARE WE, FAITHFUL FOREVER WE SHALL BE, Forty men of YAH are we, faithful forever we shall be. Their clothe began to harden on their body, it wasn't long before one had fallen over unconscious in the arms of the Saviour, asleep to await the voice of the Life giver and the men put him just outside their group on the ice. But though there was one dead, they continued to sing of them and of themselves. Forty men of YAH are we, faithful forever we shall be.

That song split the night air and floated across the frozen ice to the Romans, where the captain heard it, and he was disturbed by this kind of life. They are always disturbed when people STAND UP. They kept on singing as they piled up their dead one after another. Forty men of YAH are we, faithful forever we shall be. The Romans stood solemn, hearing, haunted, provoked, disturbed. They wouldn't do that for their gods.

And the Captain was IMPRESSED. The Ruacht began to move on his heart and finally there was amongst those Believers one fellow who couldn't take it any longer. He would become a defector; he announced his intentions to his brethren to their pity and then he went walking across the ice towards that fire and they stood in silence watching him go. When they saw him taking into the circle of the Romans, others were about becoming discouraged when someone brought up the song again, thirty-nine men of YAH are we, faithful forever we shall be.

When the Captain heard it, all of heaven broke loose and the love of Yahusha, which is the only power that can save us and make us witnesses, fell upon him and penetrated his armor and his very soul. He turned to his Lieutenant and said, you take charge here, you look after things. He threw down his shield and his sword, dropped his buckle and he went gliding out across the ice. And he had taken his place among the half-frozen Believers, the song was heard again in greater volume, forty men of YAH are we, faithful forever we shall be.

When we stand up and stop being like everybody else, when we are committed **TOTALLY** to HIS cause and quit being hypocrites, we are bringing Romans out of their armor. Men will cry what shall I do to be saved. And the work of YHVH will be finished in blaze and glory and Messiah will come.

**Totally committed, but committed to what,  
committed to something and above all to  
SOME ONE, to the CREATOR and REDEEMER,  
Yahusha Ha Mashiach, who is COMING  
AGAIN in POWER and GREAT GLORY to take  
all those whose names are written in the  
Lamb's book of Life, HOME.**
