CHSNAF PROJECT GREEN
IN THE PHILIPPINES

One Tree Planted

EACH SAPLING PLANTED WILL HELP GROW INTO
A FOREST TO BREATHE CLEAN AIR, PRESERVE
WILDLIFE, PREVENT EROSIONS AND OTHER
DEVASTATIONS CAUSED BY THE ENVIRONMENT.
THE SAPPLINGS YOU DONATE GROW INTO TREES
THAT MAY LIVE FOREVER IN YOUR NAME.

EACH SAPLING COSTS \$1.00.
GROW A TREE IN YOUR NAME.

One Tree. One Dollar

One Tree Planted is a nonprofit organization that supports **global reforestation**, restores damaged ecosystems and stabilizes the soil. CHSNAF has formed a partnership with this organization to help areas in the Philippines that suffer severe life-threatening conditions as torrential rains, strong storms, violent winds, flash flooding, landslides, loss of lives, and displacement of homes year after year due to climate and environmental changes. Planting **trees** can help combat the effects of these environmental changes by stabilizing the soil and preventing erosion and flooding. CHSNAF has purchased over 2,000 saplings during the last few years, and these tree saplings were planted in Bukidnon, Philippines by One Tree Planted. These trees will grow into verdant forests and will help the ecosystem in the Philippines. Let us continue to plant more trees in areas where they are most needed by buying as many saplings as we can. One tree. One Dollar.

Tell your families and friends about CHSNAF's One Tree Planted initiative. Invite them to buy tree saplings or donate money towards this worthy cause. CHSNAF's goal is to purchase at least 3,000 saplings by December 31, 2025. Imagine, a single donation of \$20, or a purchase of 20 saplings, can generate 20 trees. If all CHSNAF alumnae residing in the United States and Canada can collectively purchase saplings, these saplings would seem enough to create a dense forest. Our efforts now will be a symbol of strength in the Philippine ecosystem to help the environment produce fresh clean air, and create a natural habitat for millions of species. This is CHSNAF's chosen green project in the Philippines. Your support is vital to help make positive environmental changes in most needed areas in the Philippines.

Give a Gift of a Tree.

Your purchase of saplings will be acknowledged by CHSNAF with a Thank You card.

If you purchase saplings as a gift (birthday, anniversary, holiday, etc.), the recipient will receive a Certificate of a Gift of Tree stating that a tree/s will be planted in their honor. You can also purchase saplings in the name of a loved one that passed away. The Gift of Tree certificate will be a reminder that, one or more trees purchased will live in the name of your loved one.

For more information about the One-Tree Planted Program, please contact:
