# RAP 3- What is beauty?

I find beauty in nature  
but I think you can  
see beauty even in  
the dark parts so  
there's a bit of a dark  
theme to it

# RAP 4- The artist is the problem solver

I had a dream a  
long time ago. It  
was very dark but  
in order to save a  
friend I had to fill  
a bucket with  
water and pour it  
in something so I  
drew how I could  
have solved the  
problem
